eBook Publishing for Beginners:How to Make Money Selling Your Digital Books Online

Productive Publications **The print-on-paper book industry under threat as never before. This threat was exposed in a study by Barclay's Capital which suggested that a quarter of all worldwide book sales in 2015 will be made up of eBooks. The explosive growth of eBook publishing has serious ramifications for all bricks-and-mortar libraries, bookstores and the entire supply chain which supports them. Indeed the rationale for their very existence is under**

threat. This book will help publishers and authors understand the paradigm shift that is taking place. Unfortunately, the nascent eBook industry operates in a Tower of Babel with different eBook reading languages on competing devices offered by ruthless dog-eat-dog competitors; each of which is fighting for market share. It is no wonder that many publishers, self-publishers and authors are confused. That's where this book can help them. It reviews the myriad of different devices on which eBooks can be read and then it covers the different computer languages used to deliver them. Readers will find out what's involved in preparing their material so that it can be read in eBook format.

The Business of Android Apps Development

Making and Marketing Apps that Succeed on Google Play, Amazon Appstore and More

Apress **The growing but still evolving success of the Android platform has ushered in a second mobile technology “gold rush” for app developers. Google Play and Amazon Appstore for Android apps has become the second go-to apps eco for today's app developers. While not yet as large in terms of number of apps as iTunes, Google Play and Amazon Appstore have so many apps that it has become increasingly difficult for new apps to stand out in the crowd. Achieving consumer awareness and sales longevity for your Android app requires a lot of organization and some strategic planning. Written for today's Android apps developer or apps development shop, this new and improved book from Apress, The Business of Android Apps Development, Second Edition, tells you today's story on how to make money on Android apps. This book shows you how to take your app from idea to design to development to distribution and marketing your app on Google Play or Amazon Appstore. This book takes you step-by-step through cost-effective marketing, public relations and sales techniques that have proven successful for professional Android app creators and indie shops—perfect for independent developers on shoestring budgets. It even shows you how to get interest from venture capitalists and how they view a successful app vs. the majority of so-so to unsuccessful apps in Android. No prior business knowledge is required. This is the book you wish you had read before you launched your first app! What you’ll learn How to take your app from idea to design to development to distributing and marketing your app on Google Play or Amazon Appstore How do Venture Capitalists validate new App Ideas, and use their techniques. How to monetize your app: Freemium, ads, in-app purchasing and more What are the programming tips and tricks that help you sell your app How to optimize your app for the marketplace How to marketing your app How to listen to your customer base, and grow your way to greater revenue Who this book is for This book is for those who have an idea for an app, but otherwise may know relatively little about entrepreneurship, app development, or even business in general. You should be able to pick up this book and feel like someone is holding your hand as they go through the process of evaluating your idea, learning to code, placing your app in the marketplace, marketing your app, and finally, improving your app to meet the needs of your customer base. Table of Contents1. The Android Market: A Background 2. Making Sure Your App Will Succeed 3. Legal Issues: Better Safe Than Sorry 4. A Brief Introduction to Android Development 5. Develop Apps Like a Pro 6. Making Money with Ads on Your Application 7. In-App Billing: Putting A Store in Your Application 8. Making App Marketplaces Work for You 9. Getting The Word Out 10. After You Have A User Base**

Larry's 2016 U.S. Tax Guide 'Supplement' for U.S. Expats, Green Card Holders and Non-Resident Aliens in User Friendly English

eBookIt.com **This is a very user-friendly guide for the U.S. tax filer who lives outside of the United States but is still required to file his or her U.S. tax return on an annual basis. This book explains, in an easy, informal and frequently humorous manner what the tax filer's requirements are and pitfalls to look out for to avoid what could otherwise be harsh penalties. Asian Tax Review's Laurence E. Lipsher has written six prior, annual books, updating and expanding upon topics about the expat filer should be aware. Lipsher has spoken about taxes all over the world and is a popular 'tax entertainer'. In addition, this year's book also includes 'Nine Essays from a Transpacific Rock 'n' Tax Man', a mini-memoir covering the author's years in the rock music business, overcoming a cocaine addiction to become a wine industry tax expert, and going through the weirdest manifestation of a mid-life crisis by starting all over again, twenty-five years ago, as an American accountant in the People's Republic of China.**

Sustainable Tourism

Business Development, Operations and Management

Human Kinetics **Sustainable Tourism: Business Development, Operations, and Management lays out a road map to launching and building a business in one of today’s most exciting industries. It simplifies the process and outlines real-life requirements while clearing the path to new business success in the cultural, heritage, nature, and adventure fields. Written by an eco-development pioneer, the book offers guidance on developing and implementing a comprehensive sustainable-business plan. From analyzing the market all the way through hiring and training the right people, the text focuses on the principles of both tourism and business. It prepares those embarking on new careers to tackle the complexity of sustainability issues by thinking like entrepreneurs and acting like business owners. Students and professionals can rely on this text as both a start-up and ongoing implementation reference that will stack the odds of success in their favor. Sustainable Tourism provides an overview of exciting developments in the sustainable-tourism industry. It helps new entrepreneurs assess the viability of ideas and products against sustainable criteria. Through sequential chapters, it delivers step-by-step instructions for minimizing environmental impact, establishing sustainability practices, obtaining financing, and marketing to and reaching customers. The standards-based text also examines how the United Nations World Tourism Organization (UNWTO) Sustainability Guidelines shape sustainable tourism, providing a global framework from which to build the skills needed for success. Key features include the following: • 13 online video case studies of sustainable tourism destinations from around the world give students a global text from which to build their own businesses and provide a model for how sustainable tourism works. • An online workbook guides learners through the completion of a business plan by the end of the term. • An online image bank presents photos, figures, and tables from the book that may be downloaded for use in presentations. • Forms and worksheets from the book are available for download. • A professional development workbook, “Creating a Tourism Career from Scratch” (appendix B), is a reference for entrepreneurs starting or advancing in their careers. Loaded with case studies, the book illustrates what works and what doesn’t when starting a sustainable tourism business. It describes how to integrate sustainability practices into daily operations, maximize the use of the web and social media in marketing, and overcome challenges in sustainable tourism. The text covers every important topic in a business start-up, including financial forecasting and analysis, customer service systems, hiring, training, and managing turnover. Sustainable Tourism: Business Development, Operations and Management is the starting point for all who want to develop an eco-friendly product, integrate sustainability principles into their businesses, and turn their dreams into a business reality.**
