## The Wind Is Never Gone

## Sequels, Parodies and Rewritings of Gone with the Wind

McFarland More than seventy years after its publication in 1936, Margaret Mitchell's *Gone with the Wind* has never been out of print. An icon of American culture, it has had similar success abroad, popular in Japan, Russia, and post-World War II Europe, among other places and times. This work analyzes the continuations of Mitchell's novel: the authorized sequels, *Scarlett* by Alexandra Ripley and *Rhett Butler's People* by Donald McCaig; the unauthorized parody *The Wind Done Gone* by Alice Randall and a politically correct parody; and the many fan fiction stories posted online. The book also explores *Gone with the Wind*'s ambiguous ending, the perceived need to publish an authorized sequel, and the legal battle to determine who may re-write *Gone with the Wind*.

## Chords in Motion

### Moving Quartal Voicings and Related Structures

Alfred Music Noted jazz pianist, composer, recording artist and educator Andy LaVerne has drawn from his decades of experience playing with master musicians from Getz to Lovano to create this comprehensive compendium of contemporary moving voicings. Quartal, quintal, drop 2, dominant 7b9/diminished, triadic, whole tone and chromatic performance proven voicings pioneered by McCoy Tyner, Chick Corea, Herbie Hancock, and Andy himself are presented and fleshed out in all twelve keys. This book picks up where others leave off, enabling you to replace static chords with voicings that move melodically, dramatically, and gracefully over the entire range of the keyboard. Firmly rooted in contemporary jazz theory, the emphasis is on practical performance applications. Andy ties it all together with illustrations of comping choruses for five standard jazz tunes. *Chords in Motion* satisfies a long awaited need in actual comping situations, and shows you how to move chords through varying harmonic rhythms. FINALLY---a book that gives you moving voicings, and sets them in motion in all twelve keys. *Chords in Motion* is a valuable resource for all keyboardists, arrangers, and instrumentalists. Activate, animate, and energize your comping with this encyclopedic volume. 156 pages, spiral bound for easy opening.

## Authenticity

### Understanding Misinformation Through the Study of Heritage Tourism

Rowman & Littlefield This book identifies ways in which the conceptual approaches to heritage tourism studies can be applied by information scholars to gain new insights into the study of misinformation.

## What My Last Man Did

Indiana University Press Short stories about the history of an American family: "As memorable and winning a pair of sisters as I have come across in contemporary literature." —Pam Houston, author of *Deep Creek* How are our lives shaped by the difficult choices of our parents and even grandparents? How will our own choices direct the future for our children? Following generations of one family across nearly a century, each of Andrea Lewis's intertwined short stories evokes an intense sense of place and time, from New Orleans in 1895 to Grand Isle, Louisiana, during the hurricane of 1901 and on to London during the Olympic Games of 1948. The people in these ten vivid, engaging tales face tragedy and real-world catastrophic events—war, hurricanes, the Great Depression, racial tension—in their pursuit of love, family, and belonging. Each character struggles to discover and preserve his or her identity and dreams while grappling with the expectations of family and culture and trying to cope with loss. Some succeed, some compromise, and some fail—but all have a traceable impact on a story to come.

## Campfire Songs for Ukulele

### Strum & Sing with Family & Friends

Hal Leonard Corporation (Ukulele). 30 favorites to sing as you roast marshmallows and strum your uke around the campfire. ## How the Beatles Destroyed Rock 'n' Roll

### An Alternative History of American Popular Music

Oxford University Press "There are no definitive histories," writes Elijah Wald, in this provocative reassessment of American popular music, "because the past keeps looking different as the present changes." Earlier musical styles sound different to us today because we hear them through the musical filter of other styles that came after them, all the way through funk and hip hop. As its blasphemous title suggests, *How the Beatles Destroyed Rock 'n' Roll* rejects the conventional pieties of mainstream jazz and rock history. Rather than concentrating on those traditionally favored styles, the book traces the evolution of popular music through developing tastes, trends and technologies—including the role of records, radio, jukeboxes and television --to give a fuller, more balanced account of the broad variety of music that captivated listeners over the course of the twentieth century. Wald revisits original sources--recordings, period articles, memoirs, and interviews--to highlight how music was actually heard and experienced over the years. And in a refreshing departure from more typical histories, he focuses on the world of working musicians and ordinary listeners rather than stars and specialists. He looks for example at the evolution of jazz as dance music, and rock 'n' roll through the eyes of the screaming, twisting teenage girls who made up the bulk of its early audience. Duke Ellington, Benny Goodman, Frank Sinatra, Elvis Presley, Chuck Berry, and the Beatles are all here, but Wald also discusses less familiar names like Paul Whiteman, Guy Lombardo, Mitch Miller, Jo Stafford, Frankie Avalon, and the Shirelles, who in some cases were far more popular than those bright stars we all know today, and who more accurately represent the mainstream of their times. Written with verve and style, *How the Beatles Destroyed Rock 'n' Roll* shakes up

our staid notions of music history and helps us hear American popular music with new ears.

## Denmark Vesey's Garden

### Slavery and Memory in the Cradle of the Confederacy

The New Press One of Janet Maslin's Favorite Books of 2018, The New York Times One of John Warner's Favorite Books of 2018, Chicago Tribune Named one of the "Best Civil War Books of 2018" by the Civil War Monitor "A fascinating and important new historical study." —Janet Maslin, The New York Times "A stunning contribution to the historiography of Civil War memory studies." —Civil War Times The stunning, groundbreaking account of "the ways in which our nation has tried to come to grips with its original sin" (Providence Journal) Hailed by the New York Times as a "fascinating and important new historical study that examines . . . the place where the ways slavery is remembered mattered most," Denmark Vesey's Garden "maps competing memories of slavery from abolition to the very recent struggle to rename or remove Confederate symbols across the country" (The New Republic). This timely book reveals the deep roots of present-day controversies and traces them to the capital of slavery in the United States: Charleston, South Carolina, where almost half of the slaves brought to the United States stepped onto our shores, where the first shot at Fort Sumter began the Civil War, and where Dylann Roof murdered nine people at Emanuel A.M.E. Church, which was co-founded by Denmark Vesey, a black revolutionary who plotted a massive slave insurrection in 1822. As they examine public rituals, controversial monuments, and competing musical traditions, "Kytile and Roberts's combination of encyclopedic knowledge of Charleston's history and empathy with its inhabitants' past and present struggles make them ideal guides to this troubled history" (Publishers Weekly, starred review). A work the Civil War Times called "a stunning contribution," Denmark Vesey's Garden exposes a hidden dimension of America's deep racial divide, joining the small bookshelf of major, paradigm-shifting interpretations of slavery's enduring legacy in the United States.

## The Secret Garden

BoD - Books on Demand Reproduction of the original: The Secret Garden by Frances Hodgson Burnett

## Watching the English

## The Hidden Rules of English Behaviour

Hachette UK In "Watching The English" anthropologist Kate Fox takes a revealing look at the quirks, habits and foibles of the English people. She puts the English national character under her anthropological microscope, and finds a strange and fascinating culture, governed by complex sets of unspoken rules and byzantine codes of behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ...Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

## Pianist's Picture Chords

Wise Publications The Pianist's Picture Chords book is intended for those who have a basic knowledge of reading music, and who would like to know more about the construction of the many varied chords seen throughout popular music. This is a guide to the most useful chords, in every key, with easy-to-read photos and diagrams.

## The Worship Mall

## Contemporary Responses to Contemporary Culture

Church Publishing, Inc. Religion today is in competition with the leisure and entertainment industries. Gen Y, the postmodern generation, is open to spirituality; but most of today's young adults have not been born into faith communities where they feel any lasting allegiance. Studies suggest that for the young, belief in God is an optional matter, a virtual consumer choice. As a result, different trends in worship and worship styles are offered by different churches to suit lifestyles, attitudes, and personal taste.

## Bob Dylan Complete

Hal Leonard Publishing Corporation (Guitar Chord Songbook).
