### Petrus Romanus

## The Final Pope is Here

*Defender Pub Llc For more than 800 years scholars have pointed to the dark augury having to do with "the last Pope." The prophecy, taken from St. Malachy's "Prophecy of the Popes," is among a list of verses predicting each of the Roman Catholic popes from Pope Celestine II to the final pope, "Peter the Roman," whose reign would end in the destruction of Rome. First published in 1595, the prophecies were attributed to St. Malachy by a Benedictine historian named Arnold de Wyon, who recorded them in his book, *Lignum Vitæ*. Tradition holds that Malachy had been called to Rome by Pope Innocent II, and while there, he experienced the vision of the future popes, including the last one, which he wrote down in a series of cryptic phrases. According to the prophecy, the next pope (following Benedict XVI) is to be the final pontiff, Petrus Romanus or Peter the Roman. The idea by some Catholics that the next pope on St. Malachy's list heralds the beginning of "great apostasy" followed by "great tribulation" sets the stage for the imminent unfolding of apocalyptic events, something many non-Catholics would agree with. This would give rise to a false prophet, who according to the book of Revelation leads the world's religious communities into embracing a political leader known as Antichrist. In recent history, several Catholic priests-some deceased now-have been surprisingly outspoken on what they have seen as this inevitable danger rising from within the ranks of Catholicism as a result of secret satanic "Illuminati-Masonic" influences. These priests claim secret knowledge of an multinational power elite and occult hierarchy operating behind supranatural and global political machinations. Among this secret society are sinister false Catholic infiltrators who understand that, as the Roman Catholic Church represents one-sixth of the world's population and over half of all Christians, it is indispensable for controlling future global elements in matters of church and state and the fulfillment of a diabolical plan they call "Alta Vendetta," which is set to assume control of the papacy and to help the False Prophet deceive the world's faithful (including Catholics) into worshipping Antichrist. As stated by Dr.*

*Michael Lake on the front cover, Catholic and evangelical scholars have dreaded this moment for centuries. Unfortunately, as readers will learn, time for avoiding Peter the Roman just ran out.*

### The Pilgrimage of Egeria

### A New Translation of the Itinerarium Egeriae with Introduction and Commentary

*Liturgical Press This new version of the late fourth-century diary of journeys in and around the Holy Land known as the Itinerarium Egeriae provides a more literal translation of the Latin text than earlier English renderings, with the aim of revealing more of the female traveler's personality. The substantial introduction to the book covers both early pilgrimage as a whole, especially travel by women, and the many liturgical rites of Jerusalem that Egeria describes. Both this and the verse-by-verse commentary alongside the translated text draw on the most recent scholarship, making this essential reading for pilgrims, students, and scholars seeking insight into life and piety during one of Christianity's most formative periods.*

# The Catholic Catechism

## A Contemporary Catechism of the Teachings of the Catholic Church

*Image "This volume is intended to meet a widely felt need for an up-to-date and concise source book on the principal teachings of the Catholic Church. Since the close of the Second Vatican Council, there has been such an accumulation of ecclesiastical constitutions and decrees and so many changes they introduced in Catholic practice that few people have been able to keep up with all that has happened... A parallel purpose of this volume is to offer those who use it a handy guidebook of the Catholic tradition, whether formally documented in ecclesiastical sources or implicitly accepted by the faithful under the aegis of the Church's hierarchial leaders. "The method followed in presenting the Church's doctrine is a combination of history and logic. Doctrines are placed into a historical framework by tracing their origins to the Old and New Testaments and placing their development within the context of persons, places, and times. The doctrine thus becomes more intelligible because it is viewed in the setting of its vital growth over the centuries. "The intended reading audience of this Catholic catechism are all those priests, religious and laity, and above all parents and teachers, who are looking for a concise statement of the faith they profess, the conduct they practice, and the worship they give to the Lord." --From The Catholic Catechism by John A. Hardon, S.J.*

## Zechariah 9-14

*Kohlhammer Verlag It will be argued that Zechariah 9-14 consists of four collections of traditional eschatological hope (9:1-17; 10:3b-12; 12:1-4a, 5, 8-9; and 14:1-13, 14b-21). Of the collections, the first three included hopes vital during the first half of the Persian period. The fourth collection (chapter 14) seems to have arisen later than the other three (though still before the time of Nehemiah) and expressed much more pessimism. These variations were then supplemented by a collection (12:6-7; 12:10-13:6) that is pro-Judean vis-à-vis Jerusalem and by the shepherd materials, which contradict the hopes of the first two collections. This final stage probably arose after the time of Nehemiah, i. e. after the city grew strong enough to raise the*

*ire of Judeans outside the power structure. It is plausible to conclude, therefore, that the redactor of Zechariah 9-14 assembled the four collections and revised them by means of the supplements in 12:6-7, 12:10-13:6 and the shepherd materials.*

## Studies in Wessex and Anglo-Saxon England in Honour of Professor Barbara Yorke

*Brill's the Early Middle Ages "This volume draws together a series of papers that present some of the most up-to-date thinking on the history, archaeology and toponymy of Wessex and Anglo-Saxon England more broadly. In honour of one of early medieval European scholarship's most illustrious doyennes, no less than twenty-nine contributions demonstrate the indelible impression Barbara Yorke's work has made on her peers and a generation of new scholars, some of whom have benefitted directly from her tutorage. From the identities that emerged in the immediate post-Roman period, through to the development of kingdoms, the role of the church, and impacts felt beyond the eleventh century, the rich and diverse character of the studies presented here are testimony to the versatility and extensive range of the honorand's contribution to the academic field"--*
