SEDITION, SUBVERSION, AND SABOTAGE FIELD MANUAL NO. 1

A THREE PART SOLUTION TO THE STATE

Everyday Samurai Any regime claiming a territorial monopoly on the use of force coupled with the power to tax is a threat to life, liberty, and, most importantly, private property. Freedom seeking people everywhere live under occupation by monopoly states claiming decision making authority over every aspect of their lives, taking their livelihoods at will in the name of democracy. The so-called Liberty Movement is doing it wrong. Libertarian proselytizing does not work. Agorism does not work. Similarly, direct confrontations with Leviathan will not work. To secure the blessings of liberty the monopoly State must be undermined at every turn and, to do so, new tactics are required before instituting new safeguards for freedom. The Sedition, Subversion, and Sabotage Field Manual No. 1: A Three-Part Solution to the State offers a three-pronged strategy for effective action. If you are looking for a results-oriented tactical primer on liberating humanity from the chains of slavery, this is it!

THE NEW OXFORD AMERICAN DICTIONARY

Oxford University Press, USA *Produced by Oxford's American Dictionaries Program, and drawing on the expertise of scores of American scholars and advisors, The New Oxford American Dictionary sets the standard of excellence for lexicography in this country. Here is the most accurate and richly descriptive picture of American English ever offered in any dictionary. Oxford's American editors drew on our 200-million-word databank of contemporary North American English, plus the unrivaled citation files of the world-renowned Oxford English Dictionary. We started with American evidence--an unparalleled resource unique to Oxford. Our staff logged more than 50 editor-years, checking every entry and every definition. Oxford's ongoing North American Reading Program, begun in the early 1980s, keeps our lexicographers in touch with fresh evidence of our language and usage--in novels and newspapers, in public records and magazines, and on-line, too. To provide unprecedented clarity, the entries are organized around core meanings, reflecting the way people think about words and eliminating the clutter and confusion of a traditional dictionary entry. Each entry plainly shows the major meaning or meanings of the word, plus any related senses, arranged in intuitive constellations of connected meanings. Definitions are supplemented by illustrative, in-context examples of actual usage. This major new edition of The New Oxford American Dictionary includes a guide to the pronunciations on every page, a new etymology essay by Anatoly Liberman, completely updated and revised maps, and more than a thousand new entries, covering everything new in our language from low-carb to warblog and beyond. The New Oxford American Dictionary is designed to serve the user clearly, simply, and quickly, with the precise guidance you expect from Oxford University Press. With in-depth and up-to-date coverage that all users need and expect--for reading and study, for technical terms, for language guidance--it continues the tradition of scholarship and lexicographic excellence that are the hallmarks of every Oxford dictionary. JUST ASK THE UNIVERSE

A NO-NONSENSE GUIDE TO MANIFESTING YOUR DREAMS

Just Ask the Universe is not a book of New Age gobbledygook filled with empty promises. Angels won't fly from above and touch you

while you're reading. You will not be asked to practice unusual or tedious rituals. There will be no preaching or sage advice and there will most certainly be no channeling of your inner chakras or dressing like Friar Tuck. Just Ask the Universe is a realistic guide to personal development. By creating a blueprint for self-growth and commanding your subconscious mind, the Universe will manifest all your dreams. For over two decades, Michael Samuels has studied and methodically tested hundreds of books on self-improvement, spirituality, and the metaphysical. Just Ask the Universe accumulates the wisdom from "thought teachers" like: Wallace Wattles, Anthony Robbins, Rhonda Byrne, Joseph Murphy, Robert Collier, and Napoleon Hill, and compiles it under one unified lesson: if your thoughts are clear and in harmony with your mind and the truth of your surroundings, your life can be filled with all the richness the Universe has to offer. As a culmination from these teachings, Michael will show you how to use simple and fun techniques to create a more desirable future. This approach, coupled with real-life stories, will teach you how to achieve personal power to overcome any barrier. Regardless of what your present circumstances might be, by following the principles in this book, you will be able to gain power over your destiny. The Universe is listening. All you have to do is just ask.

NINETEEN EIGHTY-FOUR

epubli *"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are*

manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.
