KID'S BOX 3 ACTIVITY BOOK

Cambridge University Press Kid's Box is bursting with bright ideas to inspire you and your pupils! This six-level course gives children a confident start to learning English, and makes lessons a joy for teachers. Perfect for general use, Kid's Box also fully covers the syllabus of the Cambridge Young Learners English (YLE) tests. New language is presented through amusing stories that your students will adore and practised with fantastic songs and activities, making the learning process a delight. Key language is continuously revised and recycled, helping to build children's confidence, and a focus on communicative activities ensures that children use the language they have learned in a fun, 'no-pressure' context. The loveable members of the Star family will delight young learners, while an extensive range of supplementary materials provides the teacher with all the extra activities they need.

TASK-BASED LANGUAGE TEACHING AND ASSESSMENT

CONTEMPORARY REFLECTIONS FROM ACROSS THE WORLD

Springer Nature This book provides interdisciplinary perspectives on task-based language teaching (TBLT) and task-based language assessment (TBLA) in English as a second language (ESL) context. It discusses theoretical and experimental insights of TBLT and TBLA from cognitive, cognitive linguistic, and psycholinguistic viewpoints. The chapters, written by leading language teaching specialists in the field, introduce the reader to a comprehensive range of issues related to TBLT and TBLA such as curriculum design, materials

development, and classroom teaching & testing. With interdisciplinary appeal, the book is a valuable resource for researchers in task-based language teaching and assessment. It is equally useful for teachers to whom it offers practical suggestions for designing tasks for teaching and testing.

TRANSFORMING EDUCATION THROUGH THE ARTS

Routledge This timely book takes up the challenge of maintaining programs in the arts in the face of unrelenting pressure from two directions; the increasing focus on literacy and numeracy in schools, teamed with the cut-backs in public funding that often affect the arts most severely. Drawing on the wealth of evidence already available on the impact of the arts, including the findings of a landmark experimental study in Australia, this text considers: The social and educational impact of neglecting the arts Research evidence on engagement in the arts Why there is a need for educational reform How to transform schools through engagement in the arts This challenge to arts education exists at a time where an increasing number of students are becoming disengaged from the traditional schooling model that appears ill-suited to the needs of the 21st century and to the ways young people learn in a globalised, high-tech knowledge world. Transforming Education through the Arts provides illustrations from around the world that clearly show how the arts have transformed learning for disengaged students and established their worth beyond doubt in settings where the disengagement of students has hitherto been presented as an intractable problem. Transforming Education through the Arts is an indispensable tool for policymakers and practitioners in school education and for academic and postgraduate students with an interest in the arts. It is also highly relevant to the work of individuals and organisations in the philanthropic sector and those in the wider community who place a priority in closing the gap between high and low performing students.

BEER SCHOOL

BOTTLING SUCCESS AT THE BROOKLYN BREWERY

John Wiley & Sons What do you get when you cross a journalist and a banker? A brewery, of course. "A great city should have great beer. New York finally has, thanks to Brooklyn. Steve Hindy and Tom Potter provided it. *Beer School* explains how they did it: their mistakes as well as their triumphs. Steve writes with a journalist's skepticism—as though he has forgotten that he is reporting on himself. Tom is even less forgiving—he's a banker, after all. The inside story reads at times like a cautionary tale, but it is an account of a great and welcome achievement." —Michael Jackson, *The Beer Hunter(r)* "An accessible and insightful case study with terrific insight for aspiring entrepreneurs. And if that's not enough, it is all about beer!" —Professor Murray Low, Executive Director, Lang Center for Entrepreneurship, Columbia Business School "Great lessons on what every first-time entrepreneur will experience. Being down the block from the Brooklyn Brewery, I had firsthand witness to their positive impact on our community. I give Steve and Tom's book an A++!" —Norm Brodsky, Senior Contributing Editor, Inc. magazine "Beer School is a useful and entertaining book. In essence, this is the story of starting a beer business from scratch in New York City. The product is one readers can relate to, and the market is as

tough as they get. What a fun challenge! The book can help not only those entrepreneurs who are starting a business but also those trying to grow one once it is established. Steve and Tom write with enthusiasm and insight about building their business. It is clear that they learned a lot along the way. Readers can learn from these lessons too." —Michael Preston, Adjunct Professor, Lang Center for Entrepreneurship, Columbia Business School, and coauthor, The Road to Success: How to Manage Growth "Although we (thankfully!) never had to deal with the Mob, being held up at gunpoint, or having our beer and equipment ripped off, we definitely identified with the challenges faced in those early days of cobbling a brewery together. The revealing story Steve and Tom tell about two partners entering a business out of passion, in an industry they knew little about, being seriously undercapitalized, with an overly naive business plan, and their ultimate success, is an inspiring tale." —Ken Grossman, founder, Sierra Nevada Brewing Co.

The book will be of value to researchers and educators in all domains engaged with creativity, computing, music, and digital arts.

THE ANARCHIST COOKBOOK

Lulu.com *The Anarchist Cookbook will shock, it will disturb, it will provoke. It places in historical perspective an era when "Turn on, Burn down, Blow up" are revolutionary slogans of the day. Says the author "This book... is not written for the members of fringe political groups, such as the Weatherman, or The Minutemen. Those radical groups don't need this book. They already know everything that's in here. If the real people of America, the silent majority, are going to survive, they must educate themselves. That is the purpose of this book." In what the author considers a survival guide, there is explicit information on the uses and effects of drugs, ranging from pot to heroin to peanuts. There i detailed advice concerning electronics, sabotage, and surveillance, with data on everything from bugs to scramblers. There is a comprehensive chapter on natural, non-lethal, and lethal weapons, running the gamut from cattle prods to sub-machine guns to bows and arrows.*

THE DOT

Candlewick Press Features an audio read-along! With a simple, witty story and free-spirited illustrations, Peter H. Reynolds entices even the stubbornly uncreative among us to make a mark -- and follow where it takes us. Her teacher smiled. "Just make a mark and see where it takes you." Art class is over, but Vashti is sitting glued to her chair in front of a blank piece of paper. The words of her teacher are a gentle invitation to express herself. But Vashti can't draw - she's no artist. To prove her point, Vashti jabs at a blank sheet of paper to make an unremarkable and angry mark. "There!" she says. That one little dot marks the beginning of Vashti's journey of surprise and self-discovery. That special moment is the core of Peter H. Reynolds's delicate fable about the creative spirit in all of us.
