Mind on Statistics

Cengage Learning MIND ON STATISTICS, Fifth Edition, helps you develop a conceptual understanding of statistical ideas and shows you how to find meaning in data. The authors—who are committed to changing any preconception you may have about statistics being boring—engage your curiosity with intriguing questions, and explain statistical topics in the context of interesting, useful examples and case studies. You'll develop your statistical intuition by focusing on analyzing data and interpreting results, rather than on mathematical formulation. As a result, you'll build both your statistical literacy and your understanding of statistical methodology. History of Mehmed the Conqueror

Princeton University Press Five hundred years ago the great walled city of Constantinople fell under the relentless siege of the Ottoman Turks led by Sultan Mehmed II, Mehmed the Conqueror. Kristovoulos, one of the vanquished Greeks, later entered into the service of the Conqueror and began to write a history of the Sultan's life, starting with the year 1451, the beginning of Mehmed's 31-year reign. Death apparently prevented Kristovoulos from completing his account, but the manuscript covering the first seventeen years has been preserved and this exciting chronicle is here translated into English for the first time. Charles T. Riggs, who died in February 1953 at Robert College in modern Istanbul, was a missionary in the Near East. Originally published in 1954. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The Atlantic Charter

Palgrave Macmillan In August 1941 Churchill and Roosevelt met in a secluded bay off the coast of Newfoundland. It was the first of their wartime meetings and in many respects the most significant. The Atlantic Charter, its result, proclaimed the two leaders' vision of a new world order, a set of principles that would govern international relations with the coming of peace. This remarkable collection of essays is the result of an international conference of American, British, and Canadian scholars held at Memorial University of Newfoundland that marked the 50th anniversary of the historic meeting. The essays discuss both the Charter's formulation and its long-term significance, and provide fascinating perspectives on the Second World War and its aftermath.
