### HAND ME ANOTHER BRICK

---

**Thomas Nelson** *Do others look to you for leadership? Do you face a major task or shoulder heavy responsibilities? Do you want to take your leadership skills to a higher level? When Nehemiah confronted the task of rebuilding Jerusalem's wall, he was heartbroken by the damage he saw and nearly overwhelmed by the task that lay before him. Yet through the application of timeless leadership principles, Nehemiah completed this nearly impossible project, and laid a pattern for success which is just as valid for us today. Charles Swindoll brings his sensible and straightforward style to offer a deeply spiritual approach to the role of leader. Whatever the context, secular or ministerial, he demonstrates how to size up a task, organize and motivate a team, and respond to inevitable obstacles such as these: Unforeseen setbacks Unrelenting deadlines Criticism and outside resistance Personality conflicts Financial pressures and temptations The insights that Swindoll draws from Nehemiah's wise administration will change your approach to leadership forever.*

## SUPERNORMAL

### THE UNTOLD STORY OF ADVERSITY AND RESILIENCE

**Twelve Clinical** psychologist and author of *The Defining Decade*, Meg Jay takes us into the world of the supernormal: those who soar to unexpected heights after childhood adversity. Whether it is the loss of a parent to death or divorce; bullying; alcoholism or drug abuse in the home; mental illness in a parent or a sibling; neglect; emotional, physical or sexual abuse; having a parent in jail; or growing up alongside domestic violence, nearly 75% of us experience adversity by the age of 20. But these experiences are often kept secret, as are our courageous battles to overcome them. Drawing on nearly two decades of work with clients and students, Jay tells the tale of ordinary people made extraordinary by these all-too-common experiences, everyday superheroes who have made a life out of dodging bullets and leaping over obstacles, even as they hide in plain sight as doctors, artists, entrepreneurs, lawyers, parents, activists, teachers, students and readers. She gives a voice to the supernormals among us as they reveal not only "How do they do it?" but also "How does it feel?" These powerful stories, and those of public figures from Andre Agassi to Jay Z, will show supernormals they are not alone but are, in fact, in good company. Marvelously researched and compassionately written, this exceptional book narrates the continuing saga that is resilience as it challenges us to consider whether -- and how -- the good wins out in the end.
