**The Shroud at Court History, Usages, Places and Images of a Dynastic Relic** *BRILL* **The Shroud at the Court** analyses the ties between the Shroud and the Savoy court from the fifteenth to twentieth centuries, when rituals, ceremonies, and images made the relic an essential source of legitimacy and propaganda for the Savoy dynasty. Bayle *The Story of Redemption* *Review and Herald Pub Assoc* **Is God changeable? Does He have different gospels for different people? The story of redemption takes you behind the scenes in the struggle between God and Satan. It explains how the conflict began, what the issues are, and how the outcome is already assured. It traces the theme of God's relationship with man from the garden of Eden to the return of Christ and beyond. The Book of the Homeless (Le Livre Des Sans-Foyer)** *Grigson Press* Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork. **The Image of Edessa** *BRILL* **The Image of Edessa, also later known as the Mandylion, was a relic of Christ, a cloth imprinted with his features which he had used to wipe his face, and subsequently used to cure King Agbar of Edessa, the first****

Christian ruler. This book collects and provides parallel translations of all the available written evidence for the image, along with detailed analysis of the history of the image. Guscini deftly separates fact from legend, for while the story of King Agbar is certainly mythical, an image of some sort did definitely exist by the mid tenth century when it was translated to Constantinople. Take a Closer Look *Princeton University Press* What painting can teach us—if we can really learn to see them What happens when we look at a painting? What do we think about? What do we imagine? How can we explain, even to ourselves, what we see or think we see? And how can art historians interpret with any seriousness what they observe? In six engaging, short narrative "fictions," each richly illustrated in color, Daniel Arasse, one of the most brilliant art historians of our time, cleverly and gracefully guides readers through a variety of adventures in seeing, from Velázquez to Titian, Bruegel to Tintoretto. By demonstrating that we don't really see what these paintings are trying to show us, Arasse makes it clear that we need to take a closer look. In chapters that each have a different form, including a letter, an interview, and an animated conversation with a colleague, the book explores how these pictures teach us about ways of seeing across the centuries. In the process, Arasse freshly lays bare the dazzling power of painting. Fast-paced and full of humor as well as insight, this is a book for anyone who cares about really looking at, seeing, and understanding paintings. The Shroud *Transworld Publishers* Two decades after radiocarbon dating declared the Turin Shroud a mediaeval fake, brand-new historical discoveries strongly suggest that this famous cloth, with its extraordinary photographic imprint, is genuinely Christ's shroud after all. In 1978 in his international bestseller *The Turin Shroud* Ian Wilson ignited worldwide public debate with his compelling case endorsing the shroud's authenticity. Now, 30 years later, he has completely rewritten and updated his earlier book to provide fresh evidence to support his original argument. Shroud boldly challenges the current post-radiocarbon dating view - that it is a fake. By arguing his case brilliantly and provocatively, Ian Wilson once more throws the matter into the public arena for further debate and controversy. The Order of Minims in Seventeenth-Century France *Springer Science & Business Media* Thinking of the text from the Dies frae (S. Matthew, XXV, 40). It is also probable that this other Saint Francis, partly out of admiration for his illustrious compatriot of Assisi and partly from a compelling urge to be superlative in all things, chose the title in opposition to the Franciscans, the Fratres Minori, I who had previously adopted this style taken from Saint Matthew, XXIII, 8. The title "Minim" was confirmed in these words" ... eosque Eremitas Ordinis Minimorum Fratrum Eremitarum F. Francisci de Paula in posterum nuncupari," taken from the Papal Bull, Meritis religiosae vitae, of 26 February, 1493. The earliest reference to the Order in France is in a fragment preserved in the Bibliotheque de l'Arsenal called, La regle et vie de Frere Franfois, pauvre et humble hermite de Paule, laquelle donne a tous ses 2 freres voulant entrer et vivre en son ordre. The dating of this manuscript should be accepted with considerable reserve; it bears a clearly legible "1474," although it seems most unlikely that any reference to an Order occurred before the Bull of 1493 or that any Rule appeared in French before the Founder's visit to Louis XI in 1483. 3 The fame of Francis and his reputation as a "guerisseur" had reached the French court where Louis XI was sick and dying; the King summoned him to the chateau of Le Plessis-les-Tours, but it required the intervention of the Pope to make the hermit undertake the journey Mont-Saint-Michel and Chartres *Penguin* Mont Saint Michel and Chartres is a record not of a literal journey but of a meditative journey across time and space into the medieval imagination. Using the architecture, sculpture, and stained glass of the two locales as a starting point, Adams breathes life into what others might see merely as monuments of a past civilization. With daring and inventive conceits, Adams looks at the ordinary people, places, and events in the context of the social conventions and systems of thought and belief of the thirteenth century turning the study of history into a kind of theater. As Raymond Carney discusses in his introduction, Adams' freedom from the European traditions of study lends an exuberance—and puckish wit—to his writings. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. The Life of Jesus Words of a Believer The Fourth Crusade Event and Context *Routledge* The Fourth Crusade (1202-4) was one of the key events in medieval history The fall of Constantinople to the Venetians and the soldiers of the fourth crusade in April 1204 was its climax. It ensured that Byzantium's days as a great power were over. It equally ensured that westerners would dominate the Levant - the lands of the old Byzantine Empire -until the end of the middle ages. This book asks just how important was the Fourth as a turning point in the Middle East.. The broad setting is the encounter of Byzantium with the West within the framework of the crusades. Differences of outlook and interest meant that this encounter was soon overburdened with mutual distrust. 1204 was some kind of a solution and created situations scarcely conceivable even two years before when the fourth crusade set sail from Venice. The Man Who Laughs L'Homme Qui Rit *The Floating Press* Moving away from the explicitly political content of his previous novels, Victor Hugo turns to social commentary in *The Man Who Laughs*, an 1869 work that was made into a popular film in the 1920s. The plot deals with a band of miscreants who deliberately deform children to make them more effective beggars, as well as the long-lasting emotional and social damage that this abhorrent practice inflicts upon its victims. The Homosexual Network Private Lives and Public Policy *Devin-Adair Pub* From the Mandyllion of Edessa to the Shroud of Turin The Metamorphosis and Manipulation of a Legend *BRILL* Andrea Nicolotti reconstructs the history and iconography of an ancient image of Christ, the acheiropoieton ("not made by human hands") Mandyllion of Edessa. He refutes the theory that the Mandyllion still exists and is known as the Shroud of Turin. Ninety-three A peasant woman in the Vendee region of France struggles to protect her children during the terror of the French Revolution. The Man who Laughs The Cathedral *The Floating Press* Architecture lovers and Francophiles, rejoice. French writer Joris-Karl Huysmans' novel set at the famed cathedral at Chartres contains such detailed descriptions of the site's layout and construction that early tourists sometimes used it as a guidebook. The book is the third in a series of works that follow the religious conversion and spiritual life of Durtal, the protagonist that Huysmans modeled on himself. A Treatise on

**Relics The Life of a Simple Man** *UPNE* A classic in France, this moving first-person story can be read as a fictional account, as well as the best kind of material for historians of 19th-century French peasant life. **Les Tragiques Degeneration Toilers of the Sea Matter of Faith An Interdisciplinary Study of Relics and Relic Veneration in the Medieval Period** *British Museum Publications Limited* A landmark publication of essays resulting from the Treasures from Heaven conference at the British Museum, exploring the relationship between sacred matter and precious materials in the Middle Ages. **Israel and Humanity** *Paulist Press* This book forms a grand synthesis of Benamozegh's religious thought. It is at once a wide-ranging summa of scriptural, Talmudic, Midrashic, and kabbalistic ideas, and an intensely personal account of Jewish identity. **Les Miserables Volume 4** *Palala Press* This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. As he plans his picture, he contemplates the lives of all the people he has ever known there. Chapter by chapter, the narrative moves around the building revealing a marvellously diverse cast of characters in a series of every more unlikely tales, which range from an avenging murderer to an eccentric English millionaire who has devised the ultimate pastime... **Arabic Script on Christian Kings Textile Inscriptions on Royal Garments from Norman Sicily** *Walter de Gruyter GmbH & Co KG* Roger II's famous mantle and other royal garments from twelfth- and thirteenth-century Sicily prominently display Arabic inscriptions. While the phenomenon is highly unusual in the context of Latin Christian kingship, the use of inscriptions as a textile ornament was common and imbued with political functions in the Islamic courts of the medieval Mediterranean. This case study of the inscribed garments from Norman Sicily draws attention to the diverse functions of Arabic textile inscriptions using various contextual frames. Such a contextual approach not only highlights the specificities of the Norman textile inscriptions and emphasises the practical and political choices underlying their use at the Sicilian court, it also pinpoints the flaws of universalising approaches to transcultural ornamental in circulation in the medieval Mediterranean. This new perspective on the royal garments from Norman Sicily draws from a variety of disciplines, including Islamic and European art history, the history of textiles, epigraphy, legal history and historiography, and aims to challenge established notions of cultural and disciplinary boundaries. **Abbé Mouret's Transgression A Realistic Novel Memoirs from Beyond the Grave 1768-1800** *New York Review of Books* Written over the course of four decades, Francois-Rene de Chateaubriand's epic autobiography has drawn the admiration of Baudelaire, Flaubert, Proust, Roland Barthes, Paul Auster, and W. G. Sebald. In this unabridged section of the Memoirs, spanning the years 1768 to 1800, Chateaubriand looks back on the already bygone world of his youth. He recounts the history of his aristocratic family and the first rumblings of the French Revolution. He recalls playing games on the beaches of Saint-Malo, wandering in the woods near his father's castle in Combourg, hunting with King Louis XVI at Versailles, witnessing the first heads carried on pikes through the streets of Paris, meeting with George Washington in Philadelphia, and falling hopelessly in love with a young woman named Charlotte in the small Suffolk town of Bungay. The volume ends with Chateaubriand's return to France after eight years of exile in England. In this new edition (the first unabridged translation of any portion of the Memoirs to be published in more than a century), Chateaubriand emerges as a writer of great wit and clarity, a self-deprecating egoist whose meditations on the meaning of history, memory, and morality are leavened with a mixture of high whimsy and memorable gloom. **The Hunchback of Notre Dame Annotated** The Hunchback of Notre-Dame is a French Gothic novel by Victor Hugo published in January 14, 1831. The title refers to the Notre Dame Cathedral in Paris, on which the story is centered. Set in medieval Paris, it tells the story of the beautiful gypsy Esmeralda, condemned as a witch by the tormented archdeacon Claude Frollo, who lusts after her. Quasimodo, the deformed bell ringer of Notre-Dame Cathedral, having fallen in love with the kindhearted Esmeralda, tries to save her by hiding her in the cathedral's tower. **Madame Bovary** *Bantam Classics* This exquisite novel tells the story of one of the most compelling heroines in modern literature--Emma Bovary. "Madame Bovary has a perfection that not only stamps it, but that makes it stand almost alone; it holds itself with such a supreme unapproachable assurance as both excites and defies judgement." - Henry James Unhappily married to a devoted, clumsy provincial doctor, Emma revolts against the ordinariness of her life by pursuing voluptuous dreams of ecstasy and love. But her sensuous and sentimental desires lead her only to suffering corruption and downfall. A brilliant psychological portrait, Madame Bovary searingly depicts the human mind in search of transcendence. Who is Madame Bovary? Flaubert's answer to this question was superb: "Madame Bovary, c'est moi." Acclaimed as a masterpiece upon its publication in 1857, the work catapulted Flaubert to the ranks of the world's greatest novelists. This volume, with its fine translation by Lowell Bair, a perceptive introduction by Leo Bersani, and a complete supplement of essays and critical comments, is the indispensable Madame Bovary. **From Sphinx to Christ** *Health Research Books* Being the English translation of L' evolution Divine. Contents: Planetary Evolution & Origin of Man; Atlantis & Atlanteans; Mystery of India; Manifestations of the Solar Word; a Chaldean Priest in the Time of the Prophet Daniel; the Death of Cambys. **Spurgeon's Sermons** *Hendrickson Publishers* The sermons of Charles Haddon Spurgeon were the pinnacle of preaching in mid-nineteenth-century England. They are still powerful and widely influential today. This five-volume set is a compilation of Spurgeon's best sermons, covering topics from Israel in Egypt and confession of sin

to justification by grace and Paul's first prayer. Originally published in ten volumes in 1883, it is now a five volume set with two volumes in each book. *The Laity in the Middle Ages Religious Beliefs and Devotional Practices* Presents essays on the medieval European Catholic Church Capital Letters Hugo, Baudelaire, Camus, and the Death Penalty "'Capital Letters' sheds new light on how literature has dealt with society's most violent legal institution, the death penalty. It investigates this question through three major French authors with markedly distinct political convictions and literary styles: Victor Hugo, Charles Baudelaire, and Albert Camus. Working at the intersection of poetics, ethics, and law, Ève Morisi uncovers an unexpected transhistorical dialogue both on the modern death penalty and on the ends and means of post-Revolutionary literature. She offers close textual analysis and careful contextualization of the representations of state killing that these prominent writers crafted over two centuries during which the guillotine consistently fulfilled its function. Combined with concepts forged by critics of violence such as Agamben, Foucault, and Girard, this detailed examination reveals that, despite their differences, Hugo, Baudelaire, and Camus converge in questioning the humanitarian redefinition of capital punishment dating from the late eighteenth century. Conversely, capital justice leads all three writers to interrogate the functions, tools, and limits of their art"--Provided by publisher. *Storied Places Pilgrim Shrines, Nature, and History in Early Modern France* *Cambridge University Press* Pilgrim shrines were places of healing, holiness, and truth in early modern France.
