## Carl Goes Shopping

*Farrar, Straus and Giroux (BYR)* **When Carl is told to mind the baby at a department store, the faithful Rottweiler and his little friend do some mischievous exploring.**

## Consuming Passion

## The Rise of Retail Culture

Britain s high street revolution has made retailing one of the most important and dynamic sectors of the British economy in the last twenty years. It has had an irreversible impact on our towns and cities and, for many people, transformed shopping from an unattractive domestic chore to a pleasurable leisure experience, offering consumers an everchanging array of disposable dreams . The resulting retail culture is everywhere it has colonised huge areas of our social life outside the traditional high street, from sporting venues to arts centres, from railway termini to museums. Many see it as the epitome of Thatcher s Britain, breeding acquisitive individualism and destroying our traditional manufacturing base. Others see it as a potential saviour of an ailing economy. Yet to date there has been no thorough analysis of this all-pervasive phenomenon, from its economic roots to its profound social effects. In *Consuming Passion*, Carl Gardner and Julie Sheppard have written the first overall study of the retail revolution a controversial and hard-hitting look at where retailing has come from, what it has achieved and where it is going. Key issues such as the role of design, the growth of the supermarket and shopping centre and the poor conditions of retail employment are all minutely examined. The book also discusses the very real pleasures that consumers gain from today s enhanced shopping experience. The authors take an iconoclastic look at some of the powerful myths that have sprung up around retail: the death of the high street scenario; the central role of credit; retailing as a major creator of employment; and the imminent possibility of retail saturation . A fascinating book for everyone who likes shopping and even those who hate it. First published 1989.

## Follow Carl!

*Farrar, Straus and Giroux (BYR)* **Carl is back in his ninth adventure! Children barking at a squirrel in a tree? Carrying sticks in their mouths? Begging for food? Who could be responsible for such silly shenanigans except everybody's favorite baby-sitter, Carl, who takes a group of neighborhood children on a lively game of Follow the Leader. Readers will want to follow Carl's exploits through town and country again and again, and Alexandra Day's lush autumnal landscapes are the perfect setting for the funny goings-on in the game.**

## .NET 4 Wrox PDF Bundle

## Professional ASP.NET 4, Professional C# 4, VB 2010 Programmer's Ref, WPF Programmer's Ref, Professional Visual Studio 2010

*John Wiley & Sons* **The books included in this set are: 9780470502204 Professional ASP.NET 4: in C# and VB: Written by three highly recognized and regarded ASP.NET experts, this book provides comprehensive coverage on ASP.NET 4 with a unique approach featuring examples in both C# and VB, as is the incomparable coverage of core ASP.NET. After a fast-paced refresher on essentials such as server controls, the book delves into expert coverage of all the latest capabilities of ASP.NET 4. 9780470502259 Professional C# 4 and .NET 4: After a quick refresher on C# basics, the author dream team moves on to provide you with details of language and framework features including LINQ, LINQ to SQL, LINQ to XML, WCF, WPF, Workflow, and Generics. Coverage also spans ASP.NET programming with C#, working in Visual Studio 2010 with C#, and more. With this book, you'll quickly get up to date on all the newest capabilities of C# 4. 9780470548653 Professional Visual Studio 2010: This book gets you quickly up to speed on what you can expect from Visual Studio 2010. Packed with helpful examples, this comprehensive guide explains examines the features of Visual Studio 2010, which allows you to create and manage programming projects for the Windows platform. It walks you through every facet of the Integrated Development Environment (IDE), from common tasks and functions to its powerful tools 9780470499832 Visual Basic 2010 Programmer's Reference: This reference guide provides you with a broad, solid understanding of essential Visual Basic 2010 topics and clearly explains how to use this powerful programming language to perform a variety of tasks. As a tutorial, the book describes the Visual Basic language and covers essential Visual Basic topics. The material presents categorized information regarding specific operations and reveals useful tips, tricks, and tidbits to help you make the most of the new Visual Basic 2010. 9780470477229 WPF Programmer's Reference: Windows Presentation Foundation with C# 2010 and .NET 4: Written by a leading expert on Microsoft graphics programming, this richly illustrated book provides an introduction to WPF development and explains fundamental WPF concepts. It is packed with helpful examples and progresses through a range of topics that gradually increase in their complexity. 9780470257029 Professional SQL Server 2008 Programming: This expanded best-seller includes new coverage of SQL Server 2008's new datatypes, new indexing structures, manageability features, and advanced time-zone handling. As an added bonus, also includes Professional SQL Server 2005 Programmers for .NET 4 developers still working in a SQL Server 2005 setting.**

## Carl Young's Adobe Acrobat 6.0

## Getting Professional Results from Your PDFs

*McGraw Hill Professional* **Harness the full power of Acrobat 6 Professional's many features Create functional PDFs using the must-have PDF-creation tool, Acrobat 6 Professional. With guidance from Adobe Certified Expert Carl Young, you'll tackle all Acrobat topics and become a pro. Start off with the basics for producing good PDFs, then get tips on maximizing Acrobat 6 Professional's advanced capabilities--mark up and add comments in PDFs, create forms, customize PDFs using Acrobat JavaScript, create more than one PDF at a time using batch processing, and secure your PDFs. You'll also discover how to make PDFs from Adobe, Corel, CAD, and Microsoft applications, plus QuarkXPress. Package multimedia elements such as movies and sound files into a PDF Create first-rate interactive PDFs that are searchable and can be indexed either on the web or on a CD Make PDFs for people with visual or reading disabilities Add and reply to comments, generate reports of comments, and import and integrate comments into Microsoft Word Create user-friendly PDFs from WordPerfect Secure PDFs for reliable and trustworthy interdepartmental and interagency communication Use the power of batch processing to process hundreds of files at a time Use prepress and built-in preflighting to create industry-standard PDF/Xs Navigate**

large CAD drawings, and print the drawings to scale Carl Young is President of DigiPub Solutions, the producer of the PDF Conference. He is an Adobe Certified Expert in Acrobat and FrameMaker, as well as a Certified Technical Trainer. Adobe selected him to run the first public Acrobat 6 training sessions at their worldwide launch of Acrobat 6.

## Man and His Symbols

[Dell](#) Explores Jung's psychological concepts regarding the nature, function and importance of man's symbols as they appear on both the conscious and subconscious level

## Coffee Shop Conversations

## Evangelical Perspectives on Current Issues

[Wipf and Stock Publishers](#) There are numerous issues in the public square confronting the Western church. While there are any number of books available on each of the topics engaged in this collection of essays--just war, family planning, rest, immigration, politics, economic recession, fair trade, and health care--there is no compact guide that approaches each of these issues from an evangelical perspective. Coffee Shop Conversations does just that. The book does not aim to address each issue exhaustively; instead, it offers an evangelical approach to these topics, with the hopes that the door will be opened for further conversation. This book brings together the expertise of several evangelical scholars who are committed to serving the church through scholarship. The volume is therefore ideal for student ministry, Sunday school classes, small groups, and individuals interested in engaging the wider culture from a stance that is well reasoned and committed to biblical faith and practice.

## Good Dog, Carl

[Aladdin](#) Available in paperback for the first time, the modern classic that introduced the beloved baby-sitting rottweiler to the world.

## How the Shopping Cart Explains Global Consumerism

[Univ of California Press](#) Picture a familiar scene: long lines of shoppers waiting to check out at the grocery store, carts filled to the brim with the week’s food. While many might wonder what is in each cart, Andrew Warnes implores us to consider the symbolism of the cart itself. In his inventive new book, Warnes examines how the everyday shopping cart is connected to a complex web of food production and consumption that has spread from the United States throughout the world. Today, shopping carts represent choice and autonomy for consumers, a recognizable American way of life that has become a global phenomenon. This succinct and accessible book provides an excellent overview of consumerism and the globalization of American culture.

## Carl's Afternoon in the Park

[Farrar, Straus and Giroux \(BYR\)](#) Carl, the baby, and a new puppy spend an eventful afternoon in the park, riding on a carousel, romping in the flowers, and visiting a children's zoo. The Carl board books are sure to be baby's best friends! Titles in this series: Carl Goes Shopping Carl's Christmas Carl's Afternoon in the Park Carl's Masquerade Carl Goes to Daycare Carl's Birthday

## Bolder

[Simon and Schuster](#) \* BBC RADIO 4 BOOK OF THE WEEK \* 'A joyously life-enhancing book [that] shatters the myths about ageing' Daily Mail Carl Honoré captured the zeitgeist with his international sensation, In Praise of Slow. In Bolder, he introduces us to another rising movement: a revolution in our approach to ageing. Ageing is inevitable. In this time of longer lifespans, however, we have the potential to age better than ever before. Having travelled the globe to meet the pioneers who are redefining ageing, Carl Honoré explores the cultural, medical and technological trends that will help us make the most of our longer lives. He shows us that the time has come to cast off prejudices and blur the lines of what is possible at every age. We can tear up the old script that locks us into learning in early life, working in the middle years and pursuing leisure with whatever time is left at the end. Instead, we can learn, work, rest, care for others, volunteer, create and have fun all the way through our lives. Bolder is a radical re-think of our approach to everything from education, healthcare and work, to design, relationships and politics. An essential and inspiring read to help all of us make ageing a bonus rather than a burden.

## Boss It

## Control Your Time, Your Income and Your Life

[Kogan Page Publishers](#) Do you dream of ditching the day job, doing your own thing and being your own boss? Are you ready to Boss It? ## The Eagle and the Dragon

## Globalization and European Dreams of Conquest in China and America in the Sixteenth Century

[John Wiley & Sons](#) In this important new book the renowned historian Serge Gruzinski returns to two episodes in the sixteenth century which mark a decisive stage in global history and show how China and Mexico experienced the expansion of Europe. In the early 1520s, Magellan set sail for Asia by the Western route, Cortes seized Mexico and some Portuguese based in Malacca dreamed of colonizing China. The Aztec Eagle was destroyed but the Chinese Dragon held strong and repelled the invaders - after first seizing their cannon. For the first time, people from three continents encountered one other, confronted one other and their lives became entangled. These events were of great interest to contemporaries and many people at the time grasped the magnitude of what was going on around them. The Iberians succeeded in America and failed in China. The New World became inseparable from the Europeans who were to conquer it, while the Celestial Empire became, for a long time to come, an unattainable goal. Gruzinski explores this encounter between civilizations that were different from one another but that already fascinated contemporaries, and he shows that our world today bears the mark of this distant age. For it was in the sixteenth century that human history began to be played out on a global stage. It was then that connections between different parts of the world began to accelerate, not only between Europe and the Americas but also between Europe and China. This is what is revealed by a global history of the sixteenth century, conceived as another way of reading the Renaissance, less Eurocentric and more in tune with our age.

## Carl Schmitt

## A Biography

[Polity](#) Carl Schmitt is one of the most widely read and influential German thinkers of the twentieth century. His fundamental works on friend and enemy, legality and legitimacy, dictatorship, political theology and the concept of the political are read today with great interest by everyone from conservative Catholic theologians to radical political thinkers on the left. In his private life, however, Schmitt was haunted by the demons of his wild anti-Semitism, his self-destructive and compulsive sexuality and his deep-seated resentment against the complacency of bourgeois life. As a young man from a modest background, full of social envy, he succeeded in making his way to the top of the academic discipline of law in Germany through his exceptional intellectual prowess. And yet he never felt at home in the academic establishment and among those of high social standing. In his works, Schmitt unmasked the liberal Rechtsstaat as a constitutional façade and reflected on the legitimacy of dictatorship. When the Nazis seized power Schmitt was susceptible to their ideology. He broke with his Jewish friends, joined the Nazi Party in May 1933 and lent a helping hand to Hitler, thereby becoming deeply entangled with the regime. Schmitt was irrevocably compromised by his role as the 'crown jurist' of the Third Reich. But by 1936 he had already lost his influential position. After the war, he led a secluded life in his home town in the Sauerland and became a key background figure in the intellectual scene of postwar Germany. Reinhard Mehring's outstanding biography is the most comprehensive work available on the life and work of Carl Schmitt. Based on thorough research and using new sources that were previously unavailable, Mehring portrays Schmitt as a Shakespearean figure at the centre of the German catastrophe.

## The War of 1812

[Bloomsbury Publishing](#) The War of 1812-1815 was a bloody confrontation that tore through the American frontier, the British colonies of Upper and Lower Canada, and parts of the Atlantic coast and the Gulf of Mexico. The conflict saw British, American, and First Nations' forces clash, and in the process, shape the future of North American history. This exciting new volume explains what led to America's decision to take up arms against Great Britain and assesses the three terrible years of fighting that followed on land and sea, where battles such as Lake Erie and Lake Champlain launched American naval traditions.

## Liquid Love

## On the Frailty of Human Bonds

[John Wiley & Sons](#) This book is about the central figure of our contemporary, 'liquid modern' times - the man or woman with no bonds, and particularly with none of the fixed or durable bonds that would allow the effort of self-definition and self-assertion to come to a rest. Having no permanent bonds, the denizen of our liquid modern society must tie whatever bonds they can to engage with others, using their own wits, skill and dedication. But none of these bonds are guaranteed to last. Moreover, they must be tied loosely so that they can be untied again, quickly and as effortlessly as possible, when circumstances change - as they surely will in our liquid modern society, over and over again. The uncanny frailty of human bonds, the feeling of insecurity that frailty inspires, and the conflicting desires to tighten the bonds yet keep them loose, are the principal themes of this important new book by Zygmunt Bauman, one of the most original and influential social thinkers of our time. It will be of great interest to students and scholars in sociology and in the social sciences and humanities generally, and it will appeal to anyone interested in the changing nature of human relationships.

## Holding the Shop Together

## German Industrial Relations in the Postwar Era

[Cornell University Press](#) Since the onset of the Great Recession, Germany's economy has been praised for its superior performance, which has been reminiscent of the "economic miracle" of the 1950s and 1960s. Such acclaim is surprising because Germany's economic institutions were widely dismissed as faulty just a decade ago. In *Holding the Shop Together*, Stephen J. Silvia examines the oscillations of the German economy across the entire postwar period through one of its most important components: the industrial relations system. As Silvia shows in this wide-ranging and deeply informed account, the industrial relations system is strongest where the German economy is strongest and is responsible for many of the distinctive features of postwar German capitalism. It extends into the boardrooms, workplaces and government to a degree that is unimaginable in most other countries. Trends in German industrial relations, moreover, influence developments in the broader German economy and, frequently, industrial relations practice abroad. All these aspects make the German industrial relations regime an ideal focal point for developing a deeper understanding of the German economy as a whole. Silvia begins by presenting the framework of the German industrial relations system—labor laws and the role of the

state—and then analyzes its principal actors: trade unions and employers' associations. He finds the framework sound but the actors in crisis because of membership losses. Silvia analyzes the reasons behind the losses and the innovative strategies German labor and management have developed in their efforts to reverse them. He concludes with a comprehensive picture and then considers the future of German industrial relations.

## Empires and Colonies

[John Wiley & Sons](#) **Empires and Colonies** provides a thoroughgoing and lively exploration of the expansion of the seaborne empires of western Europe from the fifteenth century and how that process of expansion affected the world, including its successor, the United States. Whilst providing special attention to Europe, the book is careful to highlight the ambivalence and contradiction of that expansion. The book also illuminates connections between empires and colonies as a theme in history, concentrating on culture while also discussing the rich social, economic and political dimensions of the story. Furthermore, **Empires and Colonies** recognizes that whilst a study of the expansion of Europe is an important part of world history, it is not a history of the world per se. The focus on culture is used to assert that areas and peoples that lack great economic power at any given time also deserve attention. These alternative voices of slaves, indigenous peoples and critics of empire and colonization are an important and compelling element of the book. **Empires and Colonies** will be essential reading not only for students of imperial history, but also for anyone interested in the makings of our modern world.

## Chicago Poems

### Unabridged

[Courier Corporation](#) Written in the poet's unique personal idiom, these early poems include "Chicago," "Fog," "Who Am I?" "Under the Harvest Moon," plus more on war, love, death, loneliness, and the beauty of nature.

## Marketing

[Cengage Learning](#) Engaging and thorough, **MARKETING, 12th Edition** shows students how marketing principles affect their day-to-day lives, as well as their significant influence on business decisions. Core topics include the social marketing phenomenon, entrepreneurship, C.R.M., global perspectives, and ethics, as well as in-depth discussions on key tools of the trade, such as metrics and the marketing plan. Intriguing coverage of newsworthy events clarifies the readings for students and gets them thinking about their own decisions in the consumer marketplace. Loaded with helpful learning features like detailed appendices, cases, vignettes, boxed features, and videos, **MARKETING, 12th Edition** gives students countless opportunities to develop and apply critical thinking skills while acquiring the marketing knowledge essential in the business world. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

## Oh Yes, Oh Yes!

[White Rabbit](#)

## Pale Blue Dot

## A Vision of the Human Future in Space

[Ballantine Books](#) "Fascinating . . . memorable . . . revealing . . . perhaps the best of Carl Sagan's books."—The Washington Post Book World (front page review) In **Cosmos**, the late astronomer Carl Sagan cast his gaze over the magnificent mystery of the Universe and made it accessible to millions of people around the world. Now in this stunning sequel, Carl Sagan completes his revolutionary journey through space and time. Future generations will look back on our epoch as the time when the human race finally broke into a radically new frontier—space. In **Pale Blue Dot**, Sagan traces the spellbinding history of our launch into the cosmos and assesses the future that looms before us as we move out into our own solar system and on to distant galaxies beyond. The exploration and eventual settlement of other worlds is neither a fantasy nor luxury, insists Sagan, but rather a necessary condition for the survival of the human race. "Takes readers far beyond **Cosmos** . . . Sagan sees humanity's future in the stars."—Chicago Tribune

## Resolution Way

[Watkins Media Limited](#) A financially comfortable but troubled young London author, Alex Hargreaves stumbles across the work of an unknown writer from the early 1990s, Vernon Crane, and presuming the missing Crane is dead, decides to pass the work off as his own. The problem is that the novel he wishes to plagiarize has been split among Crane's disparate and scattered group of friends, all of whom, twenty years later, are struggling with the demands of a life in a Britain in which current trends toward inequality and the concentration of political power have accelerated. Hargreave's mission to track down Crane's work sets in motion a series of encounters alternately tragic, redemptive and liberating and threatens to destroy Hargreaves own world in the process. Combining the best elements of a literary thriller and speculative fiction, **Resolution Way** is a bleakly humorous satire on contemporary Britain, a meditation on the power of the past, the forces that shape our lives and the ways in which the possibility of the miraculous still remains.

## Carl Auböck

### The Workshop

[Power House Books](#) Cult designer Carl Auböck founded the Werkstätte (workshop) in the 19th century, specialising in bronze casting. Expert craftsmanship and superior materials became the signature of his creations and many of their modernist designs stand out as prescient objets d'art. Carrying on generations of the Workshop tradition, Carl's son and grandson (both of the same name) forged ahead with new ideas and designs. This magnificent volume showcases Auböck's finest creations and documents hundreds of signature objects culled from exclusive private collections.

## Strengthening Forensic Science in the United States

## A Path Forward

[National Academies Press](#) Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. **Strengthening Forensic Science in the United States: A Path Forward** provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. **Strengthening Forensic Science in the United States** gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

## Oilfield Survival Guide, Volume One: For All Oilfield Situations

[Oilfield Books](#) Save Money, Time, and Lives with the Real-World Oil & Gas Experience of Others. Learning the Hard Way in the Oilfield can Cost You Millions, sometimes Billions of Dollars in addition to Injury and Loss of Life. ## Recycling

[Greenhaven Publishing LLC](#) The collection of essays that editor Viqi Wagner has compiled for your readers will get them thinking critically about our world and the things we need to be doing in relation to recycling. The Economist essay defines the benefits of recycling, insisting the benefits outweigh the costs. Another essay reports the exact opposite. By reading divergent viewpoints, readers will be able to form intelligent opinions about recycling.

## Unification of Art Theories (UAT)

## Composed, Found, Changed, Modified, Altered, Graffiti, Polyvalent Art

[Infinite Study](#) Unification of Art Theories (UAT), proposed by the author, considers that every artist should employ - in producing an artwork - ideas, theories, styles, techniques and procedures of making art borrowed from various artists, teachers, schools of art, movements throughout history, but combined with new ones invented, or adopted from any knowledge field (science in special, literature, etc.), by the artist himself. The artist can use a multi-structure and multi-space. The distinction between Eclecticism and Unification of Art Theories (UAT) is that Eclecticism supposed to select among the previous schools and teachers and procedures - while UAT requires not only selecting but also to invent, or adopt from other (non-artistic) fields, new procedures. In this way UAT pushes forward the art development. Also, UAT has now a larger artistic database to choose from, than the 16-th century Eclecticism, since new movements, art schools, styles, ideas, procedures of making art have been accumulated in the main time. Like a guide, UAT database should periodically be updated, changed, enlarged with new invented or adopted-from-any-field ideas, styles, art schools, movements, experimentation techniques, artists. It is an open increasing essay to include everything that has been done throughout history. This album presents a short panorama of commented art theories, together with experimental digital images using adopted techniques from various fields, in order to inspire the actual artists to choose from, and also to invent or adopt new procedures in producing their artworks.

## Karin Bergöo Larsson and the Emergence of Swedish Design

[McFarland](#) Identified as "the first designer of what would become known as Swedish Modern" by the National Museum of Women in the Arts in Washington, D.C., Karin Bergöo Larsson (1859-1928) was a mother of eight and wife to Sweden's beloved painter, Carl Larsson. Herself a well-regarded artist, she gave up painting when she married, at the request of her husband. Taking up needles and cloth, she then turned a somewhat ugly cottage—Lilla Hyttnäs in the tiny village of Sundborn, Sweden—into a designer showcase. Inspired by the Swedish countryside, she filled the home with handcrafted wall hangings, bed coverings, tablecloths, pillow covers and even furniture of her own design, while greatly influencing her husband's work by encouraging him to move away from dark oils to more illuminating and light-filled watercolors. His paintings of their home made her interior designs famous, and her influence continues to inform the concepts of retail giant IKEA.

## Archaeological Chemistry

[Royal Society of Chemistry](#) The use of chemistry in archaeology can help archaeologists answer questions about the nature and origin of the many organic and inorganic finds recovered through excavation, providing valuable information about the social history of humankind. This textbook tackles the fundamental issues in chemical studies of archaeological materials. Examining the most widely used analytical techniques in archaeology, the third edition of this comprehensive textbook features a new chapter on proteomics, capturing significant developments in protein recognition for dating and characterisation. The textbook has been updated to encompass the latest developments in the field. The textbook explores several archaeological investigations in which chemistry has been employed in tracing the origins of or in studying artefacts, and includes chapters on obsidian, ceramics, glass, metals and resins. It is an essential companion to students in archaeological science and chemistry, as well as to archaeologists, and those involved in conserving human artefacts.

## Client-centered Therapy

### Its Current Practice, Implications and Theory

[Constable & Robinson Ltd](#) Presenting the non-directive and related points of view in counselling and therapy, Rogers gives a clear exposition of procedures by which individuals who are being counselled may be assisted in achieving for themselves new and more effective personality adjustments.

## Critical Environmental Politics

[Routledge](#) The aim of this book is to review central concepts in the study of environmental politics and to open up new questions, problems, and research agendas in the field. The volume does so by drawing on a wide range of approaches from critical theory to poststructuralism, and spanning disciplines including international relations, geography, sociology, history, philosophy, anthropology, and political science. The 28 chapters cover a range of global and local studies, illustrations and cases. These range from the Cochabamba conference in Bolivia to climate camps in the UK; UN summits in Rio de Janeiro and Johannesburg to climate migrants from Pacific islands; forests in Indonesia to Dutch energy governance reform; indigenous communities in Namibia to oil extraction in the Niger Delta; survivalist militias in the USA to Maasai tribesmen in Kenya. Rather than following a regional or issue-based (e.g. water, forests, pollution, etc) structure, the volume is organised in terms of key concepts in the field, including those which have been central to the social sciences for a long time (such as citizenship, commodification, consumption, feminism, justice, movements, science, security, the state, summits, and technology); those which have been at the heart of environmental politics for many years (including biodiversity, climate change, conservation, eco-centrism, limits, localism, resources, sacrifice, and sustainability); and many which have been introduced to these literatures and debates more recently (biopolitics, governance, governmentality, hybridity, posthumanism, risk, and vulnerability). Features and benefits of the book: Explains the most important concepts and theories in environmental politics. Reviews the core ideas behind crucial debates in environmental politics. Highlights the key thinkers - both classic and contemporary - for studying environmental politics. Provides original perspectives on the critical potential of the concepts for future research agendas as well as for the practice of environmental politics. Each chapter is written by leading international authors in their field. This exciting new volume will be essential textbook reading for all students of environmental politics, as well as provocatively presenting the field in a different light for more established researchers.

## Before Online Shopping

[North Star Editions, Inc.](#) Travel back in time to find out what life was like before online shopping. Historical photographs, helpful infographics, and a “Blast from the Past” special feature provide readers an engaging overview of delivery services, department stores, and other ways people got items they wanted.

## Amy Lowell Anew

### A Biography

[Rowman & Littlefield](#) The controversial American poet Amy Lowell (1874-1925), a founding member of the Imagist group that included D. H. Lawrence and H. D., excelled as the impresario for the “new poetry” that became news across the U. S. in the years after World War I. Maligned by T. S. Eliot as the “demon saleswoman” of poetry, and ridiculed by Ezra Pound, Lowell has been treated by previous biographers as an obese, sex-starved, inferior poet who smoked cigars and made a spectacle of herself, canvassing the country on lecture tours that drew crowds in the hundreds for her electrifying performances. In fact, Lowell wrote some of the finest love lyrics of the 20th century and led a full and loving life with her constant companion, the retired actress Ada Russell. She was awarded the Pulitzer Prize posthumously in 1926. This provocative new biography, the first in forty years, restores Amy Lowell to her full humanity in an era that, at last, is beginning to appreciate the contributions of gays and lesbians to American’s cultural heritage. Drawing on newly discovered letters and papers, Rollyson’s biography finally gives this vibrant poet her due.

## Runner

[Houghton Mifflin Harcourt](#) Living with his alcoholic father on a broken-down sailboat on Puget Sound has been hard on seventeen-year-old Chance Taylor, but when his love of running leads to a high-paying job, he quickly learns that the money is not worth the risk. Reprint.

## Foreign Devils in the Flowery Kingdom

[Earnshaw Books](#) Originally published in 1940, this is Carl Crow’s entertaining autobiography, the story of his more than 25 years of adventures and success in Shanghai during the tumultuous early decades of the 20th century. This book is a tale of East meets West set in the wild and heady days of inter-war China. It is an account of how two cultures clashed, bickering over business deals and social norms as they tried to find a way to live with each other."
