### Protest and Resistance in the Tourist City

Routledge Across the globe, from established tourist destinations such as Venice or Prague to less traditional destinations in both the global North and South, there is mounting evidence that points to an increasing politicization of the topic of urban tourism. In some cities, residents and other stakeholders take issue with the growth of tourism as such, as well as the negative impacts it has on their cities; while in others, particular forms and effects of tourism are contested or deplored. In numerous settings, contestations revolve less around tourism itself than around broader processes, policies and forces of urban change perceived to threaten the right to 'stay put', the quality of life or identity of existing urban populations. This book for the first time looks at urban tourism as a source of contention and dispute and analyses what type of conflicts and contestations have emerged around urban tourism in 16 cities across Europe, North America, South America and Asia. It explores the various ways in which community groups, residents and other actors have responded to - and challenged - tourism development in an international and multi-disciplinary perspective. The title links the largely discrete yet interconnected disciplines of 'urban studies' and 'tourism studies' and draws on approaches and debates from urban sociology; urban policy and politics; urban geography; urban anthropology; cultural studies; urban design and planning; tourism studies and tourism management. This ground breaking volume offers new insight into the conflicts and struggles generated by urban tourism and will be of interest to students, researchers and academics from the fields of tourism, geography, planning, urban studies, development studies, anthropology, politics and sociology.

### The Accidental Tourist

Warner Home Video The narrow, orderly life of a travel guidebooks author (Hurt) is hilariously disrupted by his estranged wife (Turner) and an eccentric dog trainer (Davis).

### The Darker Side of Travel

### The Theory and Practice of Dark Tourism

Channel View Publications Over the last decade, the concept of dark tourism has attracted growing academic interest and media attention. Nevertheless, perspectives on and understanding of dark tourism remain varied and theoretically fragile whilst, to date, no single book has attempted to draw together the conceptual themes and debates surrounding dark tourism, to explore it within wider disciplinary contexts and to establish a more informed relationship between the theory and practice of dark tourism. This book meets the undoubted need for such a volume by providing a contemporary and comprehensive analysis of dark tourism.

### Risk and Safety Management in the Leisure, Events, Tourism and Sports Industries

CABI The management of risk and safety is not simply a matter of trying to remove risks, but is necessary and vital to these industries. Sensible risk management is concerned with making the most of the positive opportunities or reducing the negative risks. This books shows how the absence of explicit risk practices is not necessarily an absence of risk management, and how many existing operational and strategic practices can be understood as part of a process of risk and safety management. Its main objective is to develop greater clarity in the communication of risks and the development of safety programmes, illustrating how organisations can use a single language of risk, relevant for all levels of management and areas of operation.

### Tourist Behaviour

### An International Perspective

CABI Consumer research is often central to academic studies in many different fields, and more recently, tourism studies have empirically examined consumer research from various aspects. However, there is a need to provide information for tourism scholars on how to better understand aspects of tourist behaviour. Tourist Behaviour: An International Perspective provides a collection of topics from both theoretical and practical approaches to building and examining the theory of how consumers think and act within the context of tourism consumption. Divided in to six sections, the book presents research within the themes of influence, motivation, choice, and consumption and experience. With contributions from authors in over 15 countries, the book presents an interdisciplinary approach of the latest research in tourist behaviour.

## The Framed World

### Tourism, Tourists and Photography

Routledge Photographs create visual narratives of experiences, places, peoples and objects that collectively and individually comprise the tourist gaze. Photography is acknowledged as having an important role in the determining of places and spaces, the construction and re-construction of identities, and the invention and re-invention of histories. So why do tourists take photos of certain things and not of others? Why do tourists take photos at all? How do photos build places, how do they change and shape lives? An interdisciplinary team of contributors from across the globe explore such questions as they examine the relationships between photography and tourism and tourists.

### Sustaining a City's Culture and Character

#### Principles and Best Practices

"For those who seek an urbanism of distinctiveness to enhance city livability, rather than a bland, generic uniformity, the book examines on a global basis how the many interrelated facets of an urban area's unique, yet dynamic context-built, cultural and intangible-can be championed and advanced, rather than simply borrowed from another place"--

### Ladder of Years

Random House One warm summer's day at the beach, forty-year-old Cordelia Grinstead, dressed only in a swimsuit and beach robe, walks away from her family and just keeps on going. After hitching a ride with a stranger to a new town where she knows no one, she reinvents herself as a single woman with no ties and begins living a new life altogether. But how long can she keep this up before her real life finds her? **\*\*ANNE TYLER HAS SOLD OVER 1 MILLION BOOKS WORLDWIDE\*\*** 'One of my favourite authors' Liane Moriarty 'She spins gold' Elizabeth Buchan 'Anne Tyler has no peer' Anita Shreve 'A masterly author' Sebastian Faulks

### Strengthening Forensic Science in the United States

#### A Path Forward

National Academies Press Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

### Tourism and Political Change

Goodfellow Publishers Ltd Tourism is a vital tool for political and economic change. With international contributions from experienced individuals, this book cover general themes and issues, with three thematic sections with original chapters, and a concluding section. It covers a variety of international political changes at different scales and their resulting effects.

### The 1990s

Infobase Publishing Traces the history of the United States during the 1990s through such primary sources as memoirs, letters, contemporary journalism, and official documents.

### International and Foreign Legal Research

#### A Coursebook. Second Edition

Martinus Nijhoff Publishers International and Foreign Legal Research: A Coursebook, second edition by Hoffman and Rumsey, now in a second edition, is designed for classes in foreign and international legal research. Topics covered in the book range from treaty research to chapters on particular subjects of international law. Coverage also includes chapters on researching foreign and comparative law as well as major international organizations, including the UN and the EU.

### Without Apology

#### Writings on Abortion in Canada

Athabasca University Press Until the late 1960s, the authorities on abortion were for the most part men—politicians, clergy, lawyers, physicians, all of whom had an interest in regulating women's bodies. Even today, when we hear women speak publicly about abortion, the voices are usually those of the leaders of women's and abortion rights organizations, women who hold political office, and, on occasion, female physicians. We also hear quite frequently from spokeswomen for anti-abortion groups. Rarely, however, do we hear the voices of ordinary women—women whose lives have been in some way touched by abortion. Their thoughts typically owe more to human circumstance than to ideology, and without them, we run the risk of thinking and talking about the issue of abortion only in the abstract. Without Apology seeks to address this issue by gathering the voices of activists, feminists, and scholars as well as abortion providers and clinic support staff alongside the stories of women whose experience with abortion is more personal. With the particular aim of moving beyond the polarizing rhetoric that has characterized the issue of abortion and reproductive justice for so long, Without Apology is an engrossing and arresting account that will promote both reflection and discussion.

### Infectious Disease Surveillance

John Wiley & Sons This fully updated edition of Infectious Disease Surveillance is for frontline public health practitioners, epidemiologists, and clinical microbiologists who are engaged in communicable disease control. It is also a foundational text for trainees in public health, applied epidemiology, postgraduate medicine and nursing programs. The second edition portrays both the conceptual framework and practical aspects of infectious disease surveillance. It is a comprehensive resource designed to improve the tracking of infectious diseases and to serve as a starting point in the development of new surveillance systems. Infectious Disease Surveillance includes over 45 chapters from over 100 contributors, and topics organized into six sections based on major themes. Section One highlights the critical role surveillance plays in public health and it provides an overview of the current International Health Regulations (2005) in addition to successes and challenges in infectious disease eradication. Section Two describes surveillance systems based on logical program areas such as foodborne illnesses, vector-borne diseases, sexually transmitted diseases, viral hepatitis healthcare and transplantation associated infections. Attention is devoted to programs for monitoring unexplained deaths, agents of bioterrorism, mass gatherings, and disease associated with international travel. Sections Three and Four explore the uses of the Internet and wireless technologies to advance infectious disease surveillance in various settings with emphasis on best practices based on deployed systems. They also address molecular laboratory methods, and statistical and geospatial analysis, and evaluation of systems for early epidemic detection. Sections Five and Six discuss legal and ethical considerations, communication strategies and applied epidemiology-training programs. The rest of the chapters offer public-private partnerships, as well lessons from the 2009-2010 H1N1 influenza pandemic and future directions for infectious disease surveillance.

### Adventure Tourism

## Environmental Impacts and Management

Springer Nature This textbook presents a comprehensive overview of the environmental impacts of various types of adventure tourism and how these can be best managed. This volume follows on from the authors previous textbook - 'Outdoor Recreation: Environmental Impacts and Management' and continues the aim of developing a deeper understanding of how tourist numbers impact the environment and to provide practical solutions to these problems. Combining their own first-hand experience and research with extensive literature review the authors' present several popular adventure tourism destinations from across the globe, including the Arctic, the Himalayas, Africa, Australia and Scotland as case studies. Chapters cover the particular challenges faced by each region: including impacts on animals and birds; the spread of invasive plant species and diseases; trail impacts on vegetation; impacts on geological, historical and archaeological sites and pollution and waste issues. A discussion and evaluation of the possible management actions for minimising these impacts and how outdoor recreation tourists can be regulated concludes each chapter. This practical and engaging textbook will be invaluable to students and scholars of adventure tourism and outdoor recreation as well as practitioners and managers working in the field.

## The Accidental Theorist: And Other Dispatches from the Dismal Science

W. W. Norton & Company "Everything Mr. Krugman has to say is smart, important and even fun to read . . . he is one of a handful of very bright, relatively young economists who do everything well." — Peter Passell, New York Times Book Review In this wonderfully cohesive set of sharp and witty essays, Paul Krugman tackles bad economic ideas from across the political spectrum. In plain English, he enlightens us on the Asian crisis, corporate downsizing, and the globalization of the American economy, among other topics. The writing here brilliantly combines the acerbic style and clever analysis that has made Krugman famous. Imagine declaring New York its own country and you get a better picture of our trade balance with China and Hong Kong. Try reducing the economy to the production of hot dogs and buns and you'll understand why common beliefs about the impact of production efficiency on labor demand are wrong. This is a collection that will amuse, provoke, and enlighten, in classic Paul Krugman style. "[Paul Krugman] writes better than any economist since John Maynard Keynes." — Rob Norton, Fortune "[Paul Krugman is] probably the most creative economist of his generation." — The Economist Winner of the John Bates Clark Medal

## Morgan's Passing

Random House Read Pulitzer Prize-winning, Sunday Times bestselling author Anne Tyler's funny and uplifting exploration of what it is to be an outsider. Morgan Gower has an outside hairy beard, an array of peculiar costumes and fantastic headwear, and a serious smoking habit. He likes to pretend to be other people - a jockey, a shipping magnate, a foreign art dealer - and he likes to do this more and more since his massive brood of daughters are all growing up, getting married and finding him embarrassing. Then comes his first dramatic encounter with Emily and Leon Meredith, and the start of an extraordinary obsession. **\*\*ANNE TYLER HAS SOLD OVER 1 MILLION BOOKS WORLDWIDE\*\*** 'One of my favourite authors' Liane Moriarty 'She spins gold' Elizabeth Buchan 'Anne Tyler has no peer' Anita Shreve 'A masterly author' Sebastian Faulks

## Cultural Attractions and European Tourism

CABI This book reviews the cultural tourism market in Europe from a survey carried out in 1997. It analyzes the way in which cultural attractions are produced for, and used by, cultural tourists and how such cultural attractions as museums, art galleries, monuments and heritage attractions are marketed.

## The Disaster Tourist

## Winner of the CWA Crime Fiction in Translation Dagger 2021

Serpent's Tail **\*\*\* WINNER OF THE 2021 CWA CRIME IN TRANSLATION DAGGER \*\*\* \*\*LONGLISTED FOR THE DUBLIN LITERARY AWARD 2022\*\* \*LONGLISTED FOR THE 2021 COMEDY WOMEN IN PRINT PRIZE\*** Yona has been stuck behind a desk for years working as a programming coordinator for Jungle, a travel company specialising in package holidays to destinations ravaged by disaster. When a senior colleague touches her inappropriately she tries to complain, and in an attempt to bury her allegations, the company make her an attractive proposition: a free ticket for one of their most sought-after trips, to the desert island of Mui. She accepts the offer and travels to the remote island, where the major attraction is a supposedly-dramatic sinkhole. When the customers who've paid a premium for the trip begin to get frustrated, Yona realises that the company has dangerous plans to fabricate an environmental catastrophe to make the trip more interesting, but when she tries to raise the alarm, she discovers she has put her own life in danger.

## The Encyclopedia of Sustainable Tourism

CABI Tourism is the world's fastest growing industry, and impacts globally upon ecology, economies, peoples, cultures and the built environment. Development, therefore, must be sustainable and sympathetic in order to preserve the environment and culture it exploits. Despite sustainable tourism being an area of considerable recent interest, there has been no synthesis of the diverse considerations of sustainable tourism, and the language and terms particular to this subject. An important resource for researchers of tourism, this reference work defines and explains terms associated with considering and preserving the environment, host peoples, communities, cultures, customs, lifestyles and social and economic systems.

## Medical Tourism and Wellness

## Hospitality Bridging Healthcare (H2H)

CRC Press Medical Tourism and Wellness: Hospitality Bridging Healthcare (H2H) takes a systems approach to examining the growing field of medical tourism, one of the field's hottest niches, with billions of dollars spent each year. This important book fills the need for a modern management book that looks at medical tourism in depth from a medical and hospitality operational management perspective. Growing numbers of people are going abroad to find affordable quality medical care for both necessary and cosmetic medical services. When they require surgery or dental work, they combine it with a trip to the Taj Mahal, a photo safari on the African veldt, or a stay at a luxury hotel—or at a hospital that feels like one—all at bargain-basement prices. The book takes a comprehensive look at medical tourism, covering such topics as: The history of medical tourism Why patients/tourists decide to travel for medical care The role of professional facilitators of medical tourism Key countries and medical disciplines in medical tourism Transportation, food, entertainment, and hotel/hospitality services Hotel and spa designs for medical tourism Best practices in medical tourism Patient follow-up after medical discharge Future trends in medical tourism Careers in medical tourism With the inclusion of case studies, the book provides a comprehensive look into this growing trend and will be valuable to upper-level undergraduate and graduate students in health care administration and those pursuing MBAs in healthcare, medical students pursuing a management focus, and students in hospitality management. It will also be a must-have resource for professionals working in hotels and in health care.

## Accidentally Wes Anderson

Hachette UK Wes Anderson's beloved films announce themselves through a singular aesthetic - one that seems too vivid, unique, and meticulously constructed to possibly be real. Not so - in *Accidentally Wes Anderson*, Wally Koval collects the world's most Anderson-like sites in all their faded grandeur and pop-pastel colours, telling the story behind each stranger-than-fiction-location. Based on the viral online phenomenon and community of the same name, *Accidentally Wes Anderson* celebrates the unique aesthetic that millions of Anderson fans love - capturing the symmetrical, the atypical, the unexpected, the vibrantly patterned, and distinctively coloured in arresting photographs from around the world. Authorised by Wes Anderson himself, and appealing to the millions who love his films, this book is also for fans of *Cabin Porn* and *Van Life* - and avid travellers and aspiring adventurers of all kinds.

## Tourism in Development

## Reflective Essays

CABI Over the last fifty years, tourism has become firmly established as a development option around the world. Commensurate with this, the study of tourism's developmental role has also expanded significantly. There now exists a broad understanding of the policies and processes, opportunities and challenges that apply to tourism's potential contributions to development. As the tourism environment now faces numerous challenges and transformations, it is timely to reflect on contemporary understandings of the relationship between tourism and development and to consider future directions. This thought-provoking volume challenges the orthodoxy of tourism and development, highlights past and current events and considers longer term repercussions and developments. It will be a relevant and enduring resource for academics and undergraduate and postgraduate students in tourism.

## Celestial Navigation

### Discover the Pulitzer Prize-Winning Sunday Times bestselling author

Random House 'A rich, revolutionary novel...she writes with virtuosity and perfect confidence, insight and compassion' The Times Jeremy is a child-like, painfully shy bachelor who has never left home. He lives on the third floor of his mother's boarding house and spends his days cutting up coloured paper to make small collages - until the day his mother dies and the beautiful Mary Tell arrives to turn his world upside down. **\*\*ANNE TYLER HAS SOLD OVER 1 MILLION BOOKS WORLDWIDE\*\*** 'One of my favourite authors' Liane Moriarty 'She spins gold' Elizabeth Buchan 'Anne Tyler has no peer' Anita Shreve 'A masterly author' Sebastian Faulks

### Accident Prevention on Board Ship at Sea and in Port

International Labour Organization

## Murals and Tourism

### Heritage, Politics and Identity

Routledge Around the world, tourists are drawn to visit murals painted on walls. Whether heritage asset, legacy leftover, or contested art space, the mural is more than a simple tourist attraction or accidental aspect of tourism material culture. They express something about the politics, heritage and identity of the locations being visited, whether a medieval fresco in an Italian church, or modern political art found in Belfast or Tehran. This interdisciplinary and highly international book explores tourism around murals that are either evolving or have transitioned as instruments of politics, heritage and identity. It explores the diverse messaging of these murals: their production, interpretation, marketing and - in some cases - destruction. It argues that the mural is more than a simple tourist attraction or accidental aspect of tourism material culture. Murals and Tourism will be valuable reading for those interested in cultural geography, tourism, heritage studies and the visual arts.

## Touring Cultures

### Transformations of Travel and Theory

Routledge It is becoming ever clearer that while people tour cultures, cultures and objects themselves are in a constant state of migration. This collection brings together some of the most influential writers in the field to examine the complex connections between tourism and cultural change and the relevance of tourist experience to current theoretical debates on space, time and identity.

### The Encyclopedia of Tourism and Recreation in Marine Environments

CABI Marine tourism has become one of the fastest growing areas within the tourism industry. With the increased use of marine environments comes the need for informed planning and sustainable management as well as for the education and training of planners, managers and operators. Combining the disciplines of marine scientists and tourism researchers, this encyclopedia will bring together the terms, concepts and theories related to recreational and tourism activities in marine settings. Entries range from short definitions to medium and long articles.

## Tourism and Resilience

### Individual, Organisational and Destination Perspectives

Channel View Publications This book is the first authored overview of resilience in tourism and its relationship to the broader resilience literature. The volume takes a multi-scaled approach to examine resilience at the individual, organisation and destination levels, and with respect to the wider tourism system. It covers the different approaches to understanding resilience (the ecological and engineering approaches) and identifies issues with their understanding and application. The book connects issues of resilience to related key concepts such as vulnerability, adaptation, networks, systems, change and social capital. It is designed to be an upper level undergraduate and postgraduate primer on resilience in a tourism context and will be of interest to tourism researchers in planning, development, geography, impacts, sustainability, disaster management and environmental studies.

## Tourism in National Parks and Protected Areas

### Planning and Management

CABI This book describes the state of the art of tourism planning and management in national parks and protected areas. It also provides guidelines for best practice in tourism operations. Other objectives are to: Describe case studies and guidelines that contribute to conservation of biological diversity; consider the role of local communities within or near these areas; outline the development of tourism infrastructure and services; discuss visitor management; provide guidelines to enhance the quality of the tourism experience. The focus is global and the book will appeal to both academics and practitioners.

## Open Tourism

### Open Innovation, Crowdsourcing and Co-Creation Challenging the Tourism Industry

Springer This book examines the concepts of open innovation, crowdsourcing and co-creation from a holistic point of view and analyzes them considering their suitability to the tourism industry. Methods, theories and models are discussed and examined regarding their practical applicability in tourism. The book illustrates the theoretical mechanisms and principles of Open Innovation, Crowdsourcing and Co-creation with case studies and best practices examples. In addition to the scientific target group, the book is a useful resource for managers of the entire tourism industry. First, the book presents the theoretical fundamentals and concepts in 11 specific chapters. This basis is then enriched by three parts with case studies, focusing on information, creation and provision respectively. Finally in a concluding part the editors sum up the book and give an outlook on the implications, learnings and future perspectives of open innovation, crowdsourcing and collaborative consumption in the tourism industry.

## Abortion across Borders

### Transnational Travel and Access to Abortion Services

Johns Hopkins University Press Contributors: Barbara Baird, Niklas Barke, Anna Bogic, Hayley Brown, Lori A. Brown, Cathrine Chambers, Ewelina Ciaputa, Gayle Davis, Mary Gilmartin, Agata Ignaciuk, Sinéad Kennedy, Lena Lennerhed, Jo-Ann MacDonald, Colleen MacQuarrie, Jane O'Neill, Clare Parker, Christabelle Sethna, Sally Sheldon

## The New Kinship

### Constructing Donor-Conceived Families

NYU Press No federal law in the United States requires that egg or sperm donors or recipients exchange any information with the offspring that result from the donation. Donors typically enter into contracts with fertility clinics or sperm banks which promise them anonymity. The parents may know the donor's hair color, height, IQ, college, and profession; they may even have heard the donor's voice. But they don't know the donor's name, medical history, or other information that might play a key role in a child's development. And, until recently, donor-conceived offspring typically didn't know that one of their biological parents was a donor. But the secrecy surrounding the use of donor eggs and sperm is changing. And as it does, increasing numbers of parents and donorconceived offspring are searching for others who share the same biological heritage. When donors, recipients, and "donor kids" find each other, they create new forms of families that exist outside of the law. The New Kinship details how families are made and how bonds are created between

families in the brave new world of reproductive technology. Naomi Cahn, a nationally-recognized expert on reproductive technology and the law, shows how these new kinship bonds dramatically exemplify the ongoing cultural change in how we think about family. The issues Cahn explores in this book will resonate with anyone— and everyone—who has struggled with questions of how to define themselves in connection with their own biological, legal, or social families.

## Evaluating Trade and Economic Relations Between India and Southeast Asia

IGI Global Owing to a strong cultural and historical bond, India and Southeast Asia have progressed rapidly. Though there are political and ideological differences between these two entities, it may not hamper the strong bond as there are many common shared values among these nations. The history of these nations identifies that the cooperation between them in terms of trade and commerce is not upheld per the given potential of these nations. In the past, the Indian economy was linked with Southeast Asian countries under the “Look East” policy, which has been re-energized again under the present government. Now, the “Look East” policy is practically more vibrant than ever before with the motto “Act East.” This policy facilitates these countries in emphasizing the importance of better regional connectivity for tourism as well as robust trade and commerce. It leads to a phenomenal growth in terms of imports and exports for these countries. Evaluating Trade and Economic Relations Between India and Southeast Asia sheds light on the trade and economic linkages between India and Southeast Asia and their impact on the nations in the past, present, and for the future. The chapters study whether the win-win strategy works for the strengthening of these countries in terms of both trade relations and political integrity, as well as in facing common enemies across international boundaries. Some of the topics covered include food security, tourism opportunities, trade blocs, trade relations, and economic relations between countries. This book is a valuable reference tool for economists, government officials, policymakers, trade analysts, practitioners, researchers, academicians, and students interested in the policies and relations between India and Southeast Asia that affect trade and the economy.

## Tourism Marketing in Bangladesh

### An Introduction

Routledge Tourism is often a key driver of economic growth in many countries. The recent upward trends of tourism and hospitality education in higher academic institutions in Bangladesh suggests a growing tourism sector. Very little has been written on Bangladesh’s tourism industry. This is the first edited volume published from an international publisher which looks at this industry and how it has developed and flourished. The book begins by looking at tourism policy planning and provides a comprehensive overview of topics from tourism products and services in Bangladesh to how they are being marketed. It also discusses how private and public tourism institutions can address future long term trends. This book will appeal to those interested to learn more about developing tourism industry in emerging economies and may provide invaluable lessons from Bangladesh’s experience and success.
