Impact of China's Rise on the Mekong Region

Springer This volume presents a contemporary analysis of the impact of China's rise on the Mekong Region at a critical point in Southeast Asian history. As the most populated country and the second largest economy in the world, China has become an increasingly influential player in global and regional affairs in recent decades. Economic ties between China and her southern neighbors are particularly strong. Yet relations between China and the Mekong region are embedded in complex socio-cultural and political issues. China's accelerated growth, increasing economic footprint, rapid military modernization, and global search for energy, natural resources, and food security have created a wide range of new challenges for smaller countries in Southeast Asia. These new challenges both encourage and limit cooperation between China and the emerging ASEAN Economic Community (AEC). The authors pay close attention to these challenges with particular focus on the impact of Chinese investment, trade, foreign aid, and migration.

The Buddha and His Dhamma

A Critical Edition

Oxford University Press *The Buddha and His Dhamma* was B.R. Ambedkar's last work. Published posthumously, it presented a radical reorientation of Buddhist thought and literature, aptly called navayana. It deals with Ambedkar's conceptualization of Buddhism and the possibilities it offered for liberation and upliftment of the Dalits. It presents his reflections on the life of the Buddha, his teachings, and the spread of Buddhism by interweaving anecdotes with detailed analyses of the religion's basic tenets. The author also includes important elements of the Buddhist canon and tradition to make the teachings more accessible. In the first critical and annotated edition of this work, the editors address the on-going debate on Ambedkar's interpretation of the Buddha's dhamma by focusing on the accuracy of his citations and providing missing sources. They also discuss Ambedkar's modification of source materials. The introduction contextualizes the scholarly work related to the text.

Medical Anthropology

A Biocultural Approach

Oxford University Press, USA *Intended as the primary text for introductory courses on medical anthropology, this book integrates human biological data relevant to health and disease with both evolutionary theory and the social environments that more often than not produce major challenges to health and survival. Because students who take this fastest-growing anthropology course come from a variety of disciplines (anthropology, biology, especially pre-med students, and health sciences, especially), the text does not assume anything beyond a basic high-school level familiarity with human biology and anthropology. The authors first present basic biological information on a particular health condition and then expand their analysis to include evolutionary, historical, and cross-cultural perspectives. Among the topics covered are nutrition, infectious disease, stress, reproductive health, behavioral disease, aging, race/racism and health, mental health, and healers and healing.*

Fast Track to Cruising

How to Go from Novice to Cruise-Ready in Seven Days

McGraw Hill Professional *Learn how to handle a cruising sailboat in as little as seven days—even if you've never sailed before! Who says you have to be an experienced daysailor before you can think about cruising? Steve and Doris Colgate know that most of us don't have that kind of time. At the Offshore Sailing School, the Colgates have helped more than 100,000 adults—three-quarters of whom started as beginning sailors or complete newcomers—take the helm of a midsize cruising sailboat. Now Fast Track to Cruising offers these proven instructional methods to all aspiring sailors with big dreams and little time. This is the very first guide that teaches sailing and cruising together, taking you from your first sail to independent cruising in one leap. You can make that leap in as little as seven days—as in the Colgates' "Fast Track to Cruising" course—or you can get there at a more leisurely pace. Either way, no other book will take you from your first tacking or docking maneuver to a mastery of navigation and diesel engines as efficiently as this one. "America's most experienced sailing instructors present a thorough and easy to understand look at cruising. Leisure time is precious. Safety is paramount. The Colgates will help you maximize your time on the water."--Gary Jobson, ESPN's lead sailing analyst and editor at large for Cruising World and Sailing World "Doris and Steve Colgate understand that people want to reach their sailing goals as quickly as possible and they've built the excellent Fast Track program to accomplish it."--Bernadette Bernon, former editorial director of Cruising World magazine "Together Steve and Doris Colgate have been teaching beginners to sail for over half a century. In Fast Track to Cruising they have included every concept and procedure you need to get yourself from a want-to-be sailor to one who is knowledgeable and competent to take the helm—with confidence and a smile."--Charles Mason, Executive Editor, SAIL magazine*

The Legend of Lakshmi Prasad

Lulu Press, Inc *I am Lakshmi Prasad, native of Bitihar. I am doing PhD on a very important subject “Mating habits of gay chimpanzees in West Africa” at PANU University, the best University in India and possibly the best University in the world. My idols are “Faizal Guru”, “Janab Kasab Sahib”, “Focus Carat”, “Baba Badkar”, “Zakir Nalayak”, “Gharkha Dutt”, “Dr. Kana Ayyub” and all PhD students who had committed suicide since they failed to solve their PhD problems. I personally feel that, all deprived Indians should automatically be awarded a PhD degree coupled with a free pension of 1 lakh rupees/month to be delivered in cash via post at door step. Till then we are going to fight for azaadi from India. Imagine a day, when no PhD student would have to commit suicide, imagine a day, when no lower caste will be humiliated by upper caste, s/he can use his/her doctorate degree and force others to call him/her Dr. X, Dr. Y ,etc.*

Disciple IV

DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times.
