**FAMOUS CHARACTER DOLLS**

---

Casemate Publishers Part of the popular Famous series, Famous Dolls celebrates dolls in film, TV, cartoons, books, comics and comic strips, as well as toys such as Hamble in Playschool. It also explores the world of celebrity dolls including stars such as Shirley Temple and Mae West, pop star dolls including Michael Jackson and Cher, and dolls representing royalty. Written by leading doll expert, Susan Brewer, the author of British Dolls in the 1950s and British Dolls in the 1960s, the book starts with a series of essays setting dolls in context and exploring their role in popular culture. The main part of the book is an impressive A-Z of famous dolls, with symbols to show in which field they became famous (e.g. cartoons, toys or comic strips). The stories behind each of the dolls are told, including the tragic tale of Raggedy Ann and how a little girl inspired one of the most iconic character dolls of all time. A must-buy book for everyone who has ever own or collected dolls or is interested in popular culture. Did you know? - The author of Raggedy Ann, Johnny Gruelle, was a vehement anti-vaccination campaigner after his young daughter died when she was vaccinated at school without his consent - Angela Rippon created the Victoria Plum doll series based on a plum tree in her garden - Holly Hobbie is an author and illustrator who named the famous patchwork-wearing little girl after her. It became a popular doll in the 1970s

### **FRAGILE FIGURES, ENDURING SYMBOLS**

---

*McFarland* Paper dolls might seem the height of simplicity--quaint but simple toys, nothing more. But through the centuries paper figures have reflected religious and political beliefs, notions of womanhood, motherhood and family, the dictates of fashion, approaches to education, individual self-image and self-esteem, and ideas about death. This book examines paper dolls and their symbolism--from icons made by priests in ancient China to printable Kim Kardashians on the Internet--to show how these ephemeral

objects have an enduring and sometimes surprising presence in history and culture.

### **JAPANESE POPULAR PRINTS**

---

---

#### **FROM VOTIVE SLIPS TO PLAYING CARDS**

---

---

*University of Hawaii Press* "Approaching the subject as an artist rather than a print scholar, Rebecca Salter focuses on the craftsmen and the complex visual culture within which they worked. Through information gained from interviews with some of the remaining practitioners and analysis of the objects themselves, she builds up a picture of the quiet role woodblock played in the lives of the Japanese as they moved from the isolation of the Edo period to embrace modernisation in the early 20th century." "The book is an exploration of this area of cultural history and the numerous colour illustrations encourage a playful investigation of the many threads of Japan's visual culture."--BOOK JACKET.
