The Basic Beliefs of Judaism

A Twenty-first-Century Guide to a Timeless Tradition

Jason Aronson, Incorporated The Basic Beliefs of Judaism gives an updated overview of the belief system on which the Jewish faith is based. Author Lawrence Epstein takes a contemporary point of view, looking at how the basic beliefs of Judaism fit into the lives of modern Jews.

A History of Israel

From the Rise of Zionism to Our Time

Alfred a Knopf Incorporated Second Edition, Revised and Expanded

The Myth of Jewish Communism

A Historical Interpretation

Peter Lang This title presents a full-length analysis of the identification of Jews with communism. It traces the myth of Jewish communism from the traditional anti-Jewish prejudices on which it is built, to its crucial role in Eastern European Stalinist and post-Stalinist politics.

Approaches to Auschwitz, Revised Edition

The Holocaust and Its Legacy

Westminster John Knox Press Distinctively coauthored by a Christian scholar and a Jewish scholar, this monumental, interdisciplinary study explores the various ways in which the Holocaust has been studied and assesses its continuing significance. The authors develop an analysis of the Holocaust's historical roots, its shattering impact on human civilization, and its decisive importance in determining the fate of the world. This revised edition takes into account developments in Holocaust studies since the first edition was published.

A History of Israel

Holy War in Judaism

The Fall and Rise of a Controversial Idea

Oxford University Press Holy war, sanctioned or even commanded by God, is a common and recurring theme in the Hebrew Bible. Rabbinic Judaism, however, largely avoided discussion of holy war in the Talmud and related literatures for the simple reason that it became dangerous and self-destructive. Reuven Firestone's Holy War in Judaism is the first book to consider how the concept of "holy war" disappeared from Jewish thought for almost 2000 years, only to reemerge with renewed vigor in modern times. The revival of the holy war idea occurred with the rise of Zionism. As the necessity of organized Jewish engagement in military actions developed, Orthodox Jews faced a dilemma. There was great need for all to engage in combat for the survival of the infant state of Israel, but the Talmudic rabbis had virtually eliminated divine authorization for Jews to fight in Jewish armies. Once the notion of divinely sanctioned warring was revived, it became available to Jews who considered that the historical context justified more aggressive forms of warring. Among some Jews, divinely authorized war became associated not only with defense but also with a renewed kibbush or conquest, a term that became central to the discourse regarding war and peace and the lands conquered by the state of Israel in 1967. By the early 1980's, the rhetoric of holy war had entered the general political discourse of modern Israel. In Holy War in Judaism, Firestone identifies, analyzes, and explains the historical, conceptual, and intellectual processes that revived holy war ideas in modern Judaism.

The Handbook of the Middle East

Twenty-First Century Books Examines the past, present, and future of all the countries in the Middle East, discussing their history and culture.

Homeland

The Illustrated History of the State of Israel

Nachshon Press, LLC In graphic novel format, presents four thousand years of Jewish history culminating in the modern state of Israel.

The Course of Modern Jewish History

Vintage When this encyclopedic history of the Jews was first published in 1958, it was hailed as one of the great works of its kind, a study that not only chronicled an assailed and enduring people, but assessed its astonishing impact on the modern world. Now this scholarly and comprehensive book has been massively revised and updated by its author, a professor of modern history at the George Washington University and one of the most respected authorities on the lives and times of the Jewish people. The new edition casts additional light on the milestones of the Jewish saga from the eighteenth century to the close of the twentieth: the Jews' emergence from the ghetto and into the heart of Western society, the debate between the voices of tradition, assimilation, and Zionism; virtual destruction during the Holocaust; and troubled rebirth in Israel. Here, too, are evocative portraits of today's diaspora, from the Jews of America to the embattled communities of the former Soviet Union and the Third World.

Survey of Arab-Israeli Relations

Routledge Impartial documentation and background information fundamental to the understanding of Arab-Israeli relations. Key Features: * covers in detail the years since the first Arab-Israeli war and the statehood of Israel, in 1947-48, to the most recent developments in relations between Israel, the emerging Palestinian political entities and the Arab States * a chronology provides an at-a-glance record of events from 1947 until the present day * a 'Documents on Palestine' section gives essential background to the various ongoing areas of dispute * profiles of prominent political figures * a bibliography section * a series of maps illustrating the history of Arab-Israeli conflict and recent peace initiatives and settlement issues.

Steven Spielberg

A Biography, Second Edition

Univ. Press of Mississippi Until the first edition of Steven Spielberg: A Biography was published in 1997, much about Spielberg's personality and the forces that shaped it had remained enigmatic, in large part because of his tendency to obscure and mythologize his own past. But in this first full-scale, in-depth biography of Spielberg, Joseph McBride reveals hidden dimensions of the filmmaker's personality and shows how deeply personal even his most commercial work has been. This new edition adds four chapters to Spielberg's life story, chronicling his extraordinarily active and creative period from 1997 to the present, a period in which he has balanced his executive duties as one of the partners in the film studio DreamWorks SKG with a remarkable string of films as a director. Spielberg's ambitious recent work—including Amistad, Saving Private Ryan, A. I. Artificial Intelligence, Minority Report, The Terminal and Munich—has continually expanded his range both stylistically and in terms of adventurous, often controversial, subject matter. Steven Spielberg: A Biography brought about a reevaluation of the great filmmaker's life and work by those who viewed him as merely a facile entertainer. This new edition guides readers through the mature artistry of Spielberg's later period in which he manages, against considerable odds, to run a successful studio while maintaining and enlarging his high artistic standards as one of America's most thoughtful, sophisticated, and popular filmmakers.

The Final Crisis

The Prophetic History of the World

WestBow Press The Final Crisis makes a strong claim that the Bible is the word of God, by declaring the things that are to come. It explains the utterances of God that have been fulfilled, that are being fulfilled, and will be fulfilled. "The Final Crisis," therefore, outlines the future of the USA, the future of Israel, and the rise of the king of the south and the king of the north that will reign terror on this world. This book, also, outlines the future of the two Muslim mosques on the Jewish temple site and what will befall them. It explains how Russia will betray the West and embrace a terrorist power. "The Final Crisis" explains nine-eleven from the Biblical standpoint. The European Union is shown to be the Revised Roman Empire, and the explanation is given as to how it will be reduced in size from its current number to ten nations. Ultimately, this book outlines how Christ will come and put down all rule and all authority and rule this world for the glory of God.

Beyond the Golden Door

Jewish American Drama and Jewish American Experience

Springer Beyond the Golden Door is the first book devoted to showing how Jewish playwrights of the twentieth century have dramatized the Jewish encounter with America. Questions dealt within this study include - How do you balance old world heritage with new world opportunity? What does it mean to be a Jew - or to be an American, for that matter?

A Fistful of Lentils

Syrian-Jewish Recipes from Grandma Fritzie's Kitchen

Houghton Mifflin Harcourt The author shares 125 recipes from her Syrian-Jewish grandmother, featuring a wide array of meat and vegetable dishes flavored with cumin, cinnamon, and other exotic spices.

Critical Issues in American Religious History

A Reader

Baylor University Press On many occasions Americans as a religious people have experienced tension and indecision as they have wrestled with a variety of critical issues crossing their paths. How to implement their religious creeds and ideals in an ever-changing society is recorded in the religious language of the people as they have sought to articulate their identity and destiny. Critical Issues in American Religious History identifies fifteen key, chronologically arranged issues that have prompted considerable debate and discussion over the years. The distinctive element of this work is the singular thematic thread which runs from cover to cover: America's religious experience reflects four interrelated dimensions of religious tension. The carefully selected primary and secondary materials speak to the tension between the secular and sacred, beliefs and behaviors, inclusion and exclusion, and conflict and consensus. Each chapter theme is woven around a particular critical issue pertaining to one or more of these four tensions. Ideally suited for classroom use, Mathisen's work enlarges the reader's critical thinking through an examination of primary and secondary sources of America's religious past. Special features in each chapter include: -- Introductory commentary -- Primary and secondary source readings -- Questions for reflection and discussion -- Suggested readings for further study

Without Permission

Conversations, Letters, and Memoirs of Henry Mandel

Academic Studies Press A fantastical propaganda play depicting an armed revolt financed the purchase of the yacht Abril and its conversion to an "illegal" immigrant passenger ship renamed the Ben Hecht. The plan was to evade the British naval blockade and bring Holocaust survivor refugees to Palestine. Henry Mandel volunteered aboard the Ben Hecht, a converted yacht that challenged the British blockade of Jewish immigrants to pre-state Israel. Captured and detained in Acre Prison, Mandel aided the efforts of prisoners planning an escape. After release, Mandel helped set up a secret bazooka shell plant in New York, which he helped to reassemble in Israel during the 1948 Arab-Israeli War. Mandel was an Orthodox Jew whose reminiscences provide a uniquely illuminating perspective on the creation of the Jewish state. Mandel's story is explicated in a running commentary that includes the personal narratives of other members of the Ben Hecht crew as well as historical background.

Sephardic and Mizrahi Jewry

From the Golden Age of Spain to Modern Times

NYU Press Sephardic Jews have contributed some of the most important Jewish philosophers, poets, biblical commentators, Talmudic and Halachic scholars, and scientists, and have had a significant impact on the development of Jewish mysticism. Sephardic and Mizrahi Jewry brings together original work from the world's leading scholars to present a deep introductory overview of their history and culture over the past 1500 years.

Military Review

The Struggle for Soviet Jewry in American Politics

Israel versus the American Jewish Establishment

Lexington Books Until 1989 most Soviet Jews wanting to immigrate to the United States left on visas for Israel via Vienna. In Vienna, with the assistance of American aid organizations, thousands of Soviet Jews transferred to Rome and applied for refugee entry into the United States. *The Struggle for Soviet Jewry in American Politics* examines the conflict between the Israeli government and the organized American Jewish community over the final destination of Soviet Jewish ZmigrZs between 1967 and 1989.

The Rabbi Saved by Hitler's Soldiers

Rebbe Joseph Isaac Schneersohn and His Astonishing Rescue

Bryan Mark Rigg When Hitler invaded Warsaw in the fall of 1939, hundreds of thousands of civilians were trapped in the besieged city. The Rebbe Joseph Schneersohn, the leader of the ultra-orthodox Lubavitcher Jews, was among them. When word of his plight went out, a group of American Jews initiated what would ultimately become one of the strangest—and most miraculous—rescues of World War II. And this is the incredible but true story that Bryan Mark Rigg tells in *The Rabbi Saved by Hitler's Soldiers*. Amid the chaos and hell of the emerging Holocaust, a small group of German soldiers shepherded Rebbe Schneersohn and his Hasidic followers out of Poland. In the course of the daring escape—traveling by train to Berlin, rerouted to Latvia and Sweden, and carried by ship through U-boat-infested waters to America—the Rebbe would learn a shocking truth. The leader of the rescue operation, the decorated Wehrmacht soldier Ernst Bloch, was himself half-Jewish, and a victim of the rising tide of German anti-Semitism. Perhaps even more remarkable were the central roles of Admiral Wilhelm Canaris, head of the Nazi military intelligence service, and of Helmuth Wohlthat, chief administrator of Göring's Four Year Plan. Pursuing every lead, amassing critical evidence, pulling together all the pieces of what could well be a political thriller, Rigg reconstructs the Rebbe's improbable escape, and tells a harrowing story about identity and moral responsibility. His book is the definitive account of an extraordinary episode in the history of World War II.

Victims Or Villains

Jewish Images in Classic English Detective Fiction

Popular Press Portrayed as dubious moneylenders, underworld operatives, megalomaniacs, Bolshevik saboteurs, or unscrupulous war-profiteers, Jewish characters have surfaced in English detective fiction from the very beginning. Starting with Conan Doyle, and focusing on the Golden Age of the genre, Tunrbull uses multiple examples to trace the evolution of Jewish caricature in British crime writing, and examines fictional representations of Jews in relation to burgeoning antisemitic sentiment within British society. Attention is paid to crime writers as wide-ranging as Baroness Orczy, Sydney Horler, R. Austin Freeman, Ngaio Marsh, and S. T. Haymon, and the depiction of Jews by Golden Age giants Dorothy L. Sayers, Agatha Christie, and Anthony Berkeley Cox.

Nine Lives of Israel

A Nation's History through the Lives of Its Foremost Leaders

McFarland This study offers a concise yet comprehensive account of Israel's history as told through the lives of nine of its leading citizens and founders. Each chapter chronicles a critical epoch in the Israeli saga and catalogs the impact made on that epoch by one of nine leading protagonists—Theodor Herzl, Chaim Weizmann, David Ben-Gurion, Abba Eban, Moshe Dayan, Golda Meir, Menachem Begin, Yitzhak Rabin, and Ariel Sharon. The result is a narrative that traces events from the genesis of modern political Zionism in the late

19th century to the present. A tapestry of history, biography and myth deconstruction, this volume provides a distinctive introduction to a nation that—whether it inspires pride or incites passions—never ceases to fascinate.

Christian Attitudes Towards the State of Israel

McGill-Queen's Press - MQUP During the 1947 United Nations debate on the future of Palestine, world opinion was powerfully affected by news of the Holocaust and the plight of Jewish refugees, creating a momentary humanitarian advantage that helped mobilize support for the creation of the state of Israel. However, almost as soon as it became clear that the Jews had won their war for independence, anti-Zionists within Christianity reasserted themselves. A pro-Arab bloc of Western missionaries at the World Council of Churches echoed the anti-Zionism that has always characterized those churches which today constitute the Middle East Council of Churches, while the Roman Catholic Church, never friendly to Zionism, advocated the "internationalization" of Jerusalem to diminish the Jewish presence in the heart of the Holy Land. Mainstream Protestantism championed "Palestinian nationalism," and still does not hesitate to portray Israel as an "oppressor," but most evangelical Christians see Israel's restoration as a part of God's plan. In *Christian Attitudes towards the State of Israel* Paul Merkley demonstrates that polarized opinion continues to affect how Israel is perceived today.

Writing the Arab-Israeli Conflict

Pragmatism and Historical Inquiry

Lexington Books Nearly all empirical work in political science is fundamentally historical, yet very little attention has been given to the problem of grounding claims to historical knowledge. In *Writing the Arab-Israeli Conflict* Jonathan B. Isacoff constructs the nature of historical knowledge by deftly examining the multiple histories of the Arab-Israeli conflict written by generations of Israeli scholars. He also undertakes briefer analysis of literature, drawn from both historians and political scientists of the Vietnam War, demonstrating that historical revisionism is not unique to the study of the Middle East. Focusing on different schools of historical interpretation *Writing the Arab-Israeli Conflict* argues for a pragmatist approach in the tradition of John Dewey. Most importantly, this exceptional work suggests a number of practical methodological measures that can be taken to produce more sophisticated and nuanced political science scholarship.

The House of Saud

The Rise and Rule of the Most Powerful Dynasty in the Arab World

Holt Rinehart & Winston The rise and rule of the most powerful dynasty in the Arab world.

Bestiarium Judaicum

Unnatural Histories of the Jews

Fordham Univ Press Given the vast inventory of verbal and visual images of nonhuman animals—pigs, dogs, vermin, rodents, apes disseminated for millennia to debase, dehumanize, and justify the persecution of Jews, *Bestiarium Judaicum* asks: What is at play when Jewish-identified writers tell animal stories? Focusing on the nonhuman-animal constructions of primarily Germanophone authors, including Sigmund Freud, Heinrich Heine, Franz Kafka, and Gertrud Kolmar, Jay Geller expands his earlier examinations (*On Freud's Jewish Body: Mitigating Circumcisions and The Other Jewish Question: Identifying the Jew and Making Sense of Modernity*) of how such writers drew upon representations of Jewish corporeality in order to work through their particular situations in Gentile modernity. From Heine's ironic lizards to Kafka's Red Peter and Siodmak's Wolf Man, *Bestiarium Judaicum* brings together Jewish cultural studies and critical animal studies to ferret out these writers' engagement with the bestial answers upon which the Jewish and animal questions converged and by which varieties of the species "Jew" were identified.

Memories of Two Generations

A Yiddish Life in Russia and Texas

University of Alabama Press The 1935 autobiography of Alexander Ziskind Gurwitz, an Orthodox Jew whose lively recounting of his life in Tsarist Russia and his immigration to San Antonio, Texas, in 1910 captures turbulent changes in early twentieth-century Jewish history. In 1910, at the age of fifty-one, Alexander Ziskind Gurwitz made the bold decision to emigrate with his wife and four children from southeastern Ukraine in Tsarist Russia to begin a new life in Texas. In 1935, in his seventies, Gurwitz composed a retrospective autobiography, *Memories of Two Generations*, that recounts his personal story both of the rich history of the lost Jewish world of Eastern Europe and of the rambunctious development of frontier Jewish communities in the United States. In both Europe and America, Gurwitz inhabited an almost exclusively Jewish world. As a boy, he studied in traditional yeshivas and earned a living as a Hebrew language teacher and kosher butcher. Widely travelled, Gurwitz recalls with wit and insight daily life in European shtetls, providing perceptive and informative comments about Jewish religion, history, politics, and social customs. Among the book's most notable features is his first-hand, insider's account of the yearly Jewish holiday cycle as it was observed in the nineteenth century, described as he experienced it as a child. Gurwitz's account of his arrival in Texas forms a cornerstone record of the Galveston Immigration Movement; this memoir represents the only complete narrative of that migration from an immigrant's point of view. Gurwitz's descriptions about the development of a thriving Orthodox community in San Antonio provide an important and unique primary source about a facet of American Jewish life that is not widely known. Gurwitz wrote his memoir in his preferred Yiddish, and this translation into English by Rabbi Amram Prero captures the lyrical style of the original. Scholar and author Bryan Edward Stone's special introduction and illuminating footnotes round out a superb edition that offers much to experts and general readers alike.

Passing Over and Returning

A Pluralist Theology of Religions

Wipf and Stock Publishers In *Passing Over and Returning* Paul O. Ingram describes his particular dialogue with the world's religions, illustrated by his experience of passing over into Hinduism, Buddhism, Daoism and Confucianism, Judaism, and Islam, and by his return to his home as a Lutheran Christian. While religious diversity is not new, neither are the questions posed by religious diversity. What is new is that more and more people are actively engaged with the world's religions because more and more people are willing to be informed by insights found in religious traditions other than their own. This is particularly true among progressive Christians. But openness does not necessarily mean rejecting one's own tradition, even though persons sometimes convert to another tradition or combine their original religious identity with the identity of another tradition. Whether one returns to the home of one's own faith tradition after passing over, or assumes a dual religious identity, or converts to another tradition, all persons engaged in interreligious dialogue undergo processes of creative transformation.

Printing the Talmud

Complete Editions, Tractates, and Other Works and the Associated Presses from the Mid-17th Century through the 18th Century

BRILL *Printing the Talmud* describes Talmud editions printed from 1650 to 1800, their publication and the contentious disputes between publishers. Subject editions, profusely illustrated, are addressed as an opening to the history of the presses and their context in Jewish history.
