# The Rendezvous and Other Stories

W. W. Norton & Company A collection of startlingly vivid short stories from Patrick O'Brian, author of the highly acclaimed Aubrey/Maturin series. Patrick O'Brian has emerged, in the opinion of many, as one of the greatest novelists now writing in English. His fame rests mainly on the achievement of the epic Aubrey/Maturin novels, but few readers know that O'Brian first made his reputation as a writer of short fiction. Collected here for the first time are twenty-seven stories that O'Brian wishes to preserve: stories of uncommon lyricism and beauty that will confirm his rightful place in the front rank of short-story writers as well as of novelists. Although the tone of this collection ranges effortlessly from the humorous to the dramatic, the most characteristic and memorable stories often have to do with a glimpse of savage, destructive forces through the fragile shell of human civilization. The threatened chaos may be psychological, as in "On the Wolfsberg," or it may be lurking in the natural world, as in "A Passage of the Frontier," or, as in the dark masterpiece "The Chian Wine," it is suddenly discovered in the ancient, irrational impulses of human nature. The setting may be the marshes of western Ireland, the Pyrenees, or the claustrophobic confines of a clockmender's house, but each story is a showcase for Patrick O'Brian's fresh and meticulous prose; each story reaffirms his sympathetic understanding of human passion and suffering. This collection proves that O'Brian is not simply the master of a genre, but an author who will long be honored as one of our most eminent literary figures.

# The Letter of Marque

## The Ionian Mission (Vol. Book 8) (Aubrey/Maturin Novels)

W. W. Norton & Company "O'Brian is one author who can put a spark of character into the sawdust of time, and *The Ionian Mission* is another rattling good yarn." —Stephen Vaughan, *The Observer* Jack Aubrey and Stephen Maturin, veterans now of many battles, return in this novel to the seas where they first sailed as shipmates. But Jack is now a senior captain commanding a line-of-battle ship in the Royal Navy's blockade of Toulon, and this is a longer, harder, colder war than the dashing frigate actions of his early days. A sudden turn of events takes him and Stephen off on a hazardous mission to the Greek Islands, where all his old skills of seamanship and his proverbial luck when fighting against odds come triumphantly into their own.

# Leviathan: The History of Whaling in America

W. W. Norton & Company A Los Angeles Times Best Non-Fiction Book of 2007 A Boston Globe Best Non-Fiction Book of 2007 Amazon.com Editors pick as one of the 10 best history books of 2007 Winner of the 2007 John Lyman Award for U. S. Maritime History, given by the North American Society for Oceanic History "The best history of American whaling to come along in a generation." —Nathaniel Philbrick The epic history of the "iron men in wooden boats" who built an industrial empire through the pursuit of whales. "To produce a mighty book, you must choose a mighty theme," Herman Melville proclaimed, and this absorbing history demonstrates that few things can capture the sheer danger and desperation of men on the deep sea as dramatically as whaling. Eric Jay Dolin begins his vivid narrative with Captain John Smith's botched whaling expedition to the New World in 1614. He then chronicles the rise of a burgeoning industry—from its brutal struggles during the Revolutionary period to its golden age in the mid-1800s when a fleet of more than 700 ships hunted the seas and American whale oil lit the world, to its decline as the twentieth century dawned. This sweeping social and economic history provides rich and often fantastic accounts of the men themselves, who mutinied, murdered, rioted, deserted, drank, scrimshawed, and recorded their experiences in journals and memoirs. Containing a wealth of naturalistic detail on whales, Leviathan is the most original and stirring history of American whaling in many decades.

Navy (a false accusation), he has earned reinstatement through his daring exploits as a privateer, brilliantly chronicled in The Letter of Marque. ## The Grave Tattoo

HarperCollins Canada When torrential summer rains uncover a bizarrely tattooed body on a hillside in England's Lake District, locals are convinced it is the corpse of Fletcher Christian, infamous mutineer on the Bounty. Though history records that Christian died in a massacre on Pitcairn Island, Lakelanders have long maintained that he returned home—where his old friend and schoolmate, William Wordsworth, risked facing the gallows by harbouring the fugitive. It was rumoured that the poet had written an epic verse recounting Christian's version of events, only to hide it away for fear its publication would result in his arrest. For the Wordsworth scholar Jane Gresham, the missing manuscript—if indeed it ever existed—is the ultimate prize. But on her trail is someone with a more than academic interest in the 200-year-old text, someone who will kill to get their hands on a bounty worth millions.

## In the Hour of Victory: The Royal Navy at War in the Age of Nelson

W. W. Norton The greatest victories from the British Navy's golden age, told through never-before-seen letters from the officers themselves. When Napoleon eventually died in exile, the Lords of the Admiralty ordered that the original dispatches from seven major fleet battles—The Glorious First of June (1794), St Vincent (1797), Camperdown (1797), The Nile (1798), Copenhagen (1801), Trafalgar (1805), and San Domingo (1806)—should be gathered together and presented to the nation. These letters, written by Britain's admirals, captains, surgeons, and boatswains and sent back home in the midst of conflict, were bound in an immense volume, to be admired as a jewel of British history. Sam Willis, one of Britain's finest naval historians, stumbled on this collection by chance in the British Library in 2010 and soon found that only a handful of people knew of its existence. Willis here shapes that material into wonderful character portraits of the commanders on both sides, assessing their strengths and weaknesses. He also provides concise and illuminating explanations of the convoluted political circumstances surrounding each battle as he expertly reinterprets these key engagements in extraordinary and revelatory detail. A beautifully illustrated dramatic narrative, *In the Hour of Victory* tells the story of these naval triumphs as never before and allows us to hear once more the officer's voices as they describe the battles that made Britain great.

## Quicksilver

Random House As extraordinary an achievement as *Cryptonomicon*, *Quicksilver* is Neal Stephenson's first novel in his acclaimed Baroque Cycle. Neal Stephenson follows his international bestseller, the WWII thriller *Cryptonomicon*, with a novel set in the 16th and 17th centuries, in a world of war, scientific, religious and political

turmoil. With a cast of characters that includes Newton, Leibniz, Christopher Wren, Charles II, Cromwell and the young Benjamin Franklin, Stephenson again shows his extraordinary ability to get inside a place and time; as he did for the futures of his science fiction (Snowcrash, The Diamond Age) and for WWII (Cryptonomicon), here he does for the England of the Civil War and the Europe of the Wars of Religion and the Scientific Revolution. Quicksilver is yet another tour-de-force from a writer who is simply unique.
