Sound Reproduction

The Acoustics and Psychoacoustics of Loudspeakers and Rooms

**Routledge Sound Reproduction: The Acoustics and Psychoacoustics of Loudspeakers and Rooms, Third Edition** explains the physical and perceptual processes that are involved in sound reproduction and demonstrates how to use the processes to create high-quality listening experiences in stereo and multichannel formats. Understanding the principles of sound production is necessary to achieve the goals of sound reproduction in spaces ranging from recording control rooms and home listening rooms to large cinemas. This revision brings new science-based perspectives on the performance of loudspeakers, room acoustics, measurements and equalization, all of which need to be appropriately used to ensure the accurate delivery of music and movie sound tracks from creators to listeners. The robust website ([www.routledge.com/cw/toole](http://www.routledge.com/cw/toole)) is the perfect companion to this necessary resource.

The Runner

Christian Faith Publishing, Inc. **Running from God**, Jacob Springer returns to his boyhood home, the Democratic Republic of Zaire. Springer buries himself in his work as préfet of an African high school, only to find that one of the students, Yango Zalonga, a naturally gifted runner, draws him out and drags him across the red earth back toward faith. Springer finds his life inextricably woven with that of this young African, and together, they aim for the Olympic Marathon. This is based on a true story.

## Day and Section Hikes Pacific Crest Trail: Southern California

Wilderness Press The Pacific Crest Trail was designated as one of the first National Scenic Trails way back in 1968. As it traverses the "high road" from Mexico to Canada, incredible views are not only commonplace but also uniquely diverse, because the trail connects six of North America's seven eco-zones. The PCT's familiar, well-worn path is a special place for hikers from all walks of life on walks of all lengths and for all reasons. Instead of guiding you through the arduous task of hiking the entire PCT, the goal of this book is to help you plan trips that incorporate hiking on the PCT in Southern California, whether you have just an afternoon to spare or you want to escape for the entire weekend. Carefully edited maps and elevation graphs generated with GPS data collected by the author on the trail will help make your trip a success. This cargo-pocket guide offers author-tested advice to help you make the most of your time away from civilization, however long (or short) that stretch may be.
