NEW TESTAMENT CHRISTOLOGY

A CRITICAL ASSESSMENT AND ANNOTATED BIBLIOGRAPHY

Greenwood The New Testament doctrine of the dual nature of Jesus Christ--his historical existence as a man and his simultaneous reality as a god--has stimulated a resurgence of christological studies by twentieth-century scholars and theologians. This bibliography is the first work to provide a thorough critical examination of this important body of modern scholarship. Containing more than 1,900 annotated entries, it will be an essential reference guide for anyone with an interest in early Christianity, Christian doctrine, and biblical studies. Many of the entries include extensive commentary as well as passages quoted from the sources. Authors, titles, and subjects are listed in comprehensive indexes. Reflecting both the depth and breadth of Hultgren's scholarly analysis, this new bibliography is an appropriate choice for New Testament scholars as well as library reference collections.

GOD CRUCIFIED

MONOTHEISM AND CHRISTOLOGY IN THE NEW TESTAMENT

Wm. B. Eerdmans Publishing Recent discussion of the interpretation of New Testament Christology has been closely linked with debate about the nature of Jewish monotheism in the period. This book argues that once Judaism's perception of the uniqueness of God is correctly understood, it becomes clear that the first Christians simply included Jesus in the unique identity of the God of Israel. According to Richard Bauckham, the earliest Christology was already the highest Christology, a fully divine Christology entirely compatible with the Jewish monotheistic understanding of God. In place of the misleading categories of "functional" and "ontic" Christology, he argues that New Testament Christology is best viewed as a Christology of "divine identity." For such a Christology, the exalted Christ and the earthly, crucified Jesus both belong to the unique identity of God. This approach, in turn, has important consequences for the New Testament's understanding of God. The divine identity -- who God truly is -- is to be seen in Jesus' humiliation, suffering, and death as well as in his heavenly glory. Originating as the prestigious 1996 Didsbury Lectures, "God Crucified" makes a significant contribution to biblical studies of interest to Jews and Christians alike.

JESUS AND THE GOD OF ISRAEL

GOD CRUCIFIED AND OTHER ESSAYS ON THE NEW TESTAMENT'S CHRISTOLOGY OF DIVINE IDENTITY

Authentic Media Inc "God Crucified" and Other Essays on the New Testament's Christology of Divine Identity The basic thesis of this important book on New Testament Christology, sketched in the first essay 'God Crucified', is that the worship of Jesus as God was seen by the early Christians as compatible with their Jewish monotheism. Jesus was thought to participate in the divine identity of the one God of Israel. The other chapters provide more detailed support for, and an expansion of, this basic thesis. Readers will find not only the full text of Bauckham's classic book *God Crucified*, but also groundbreaking essays, some of which have never been published previously.

CHRISTOLOGY IN THE NEW TESTAMENT

Abingdon Press New Testament writers offer varied and persuasive pictures of Jesus that seek to draw people into faith. For David Bartlett, New Testament Christology is "not so much a set of doctrines as a variety of stories, songs and scriptural interpretations that help Christian believers and Christian churches follow the Jesus they read about, hear about, and praise." Early Christians framed and told stories, shared teachings, testified to encounters, found solutions to problems, acted out in faith and love, and sang songs about and to Jesus Christ-- the resurrected one who represents and shares God's very self to repair and redeem a broken world. Baptized by John the Baptist. Embarrassingly crucified. Teacher and interpreter of Torah. Reformer. Messiah. Proclaimer and agent of a new Kingdom era. Lord above and beyond Caesar's empire. And most of all, a suffering, resurrected savior addressed through poetry, songs, stories, titles, and ongoing encounters with the community gathered by and in his name. Bartlett takes readers on a quick look journey through the New Testament writers' understanding of Jesus and his saving significance. In the process, he reminds Christians and those who would understand their founding documents that these differing, context-dependent portraits of Jesus are vehicles of a practical, living faith. They don't just say something, they do something, revealing an underlying conviction: somehow God was in Jesus Christ reconciling the world to God's very self (2 Corinthians 5:19).

ANALYTIC CHRISTOLOGY AND THE THEOLOGICAL INTERPRETATION OF THE NEW TESTAMENT

Oxford University Press This study draws upon the resources of both contemporary analytic theology and the theological interpretation of the New Testament in order to investigate a set of important issues in Christology. It is the first work in analytic Christology to draw upon both recent scholarship in biblical studies and recent contributions to analytic philosophy and theology. Thomas H. McCall explores the themes of union with Christ and the faith of Christ as these are developed by the "apocalyptic" and "New Perspective" interpreters of Pauline theology. The volume offers a careful analysis of recent dogmatic proposals about the identity of Christ and the doctrine of election, and provides an examination of debates over the subordination of the Son in Hebrews. It also probes the relationship of the incarnate Son to his Father in Johannine theology. McCall presents an exegetically-grounded theological engagement with recent work on the place of logic in the doctrine of the incarnation.

FROM JESUS TO JOHN

ESSAYS ON JESUS AND NEW TESTAMENT CHRISTOLOGY IN HONOUR OF MARINUS DE JONGE

[Bloomsbury Publishing](#) Marinus de Jonge was Professor of New Testament and Early Christian Literature at Leiden from 1966 to 1991. A former president of Studiorum Novi Testamenti Societas, the International Society of New Testament scholars, he is best known for his work on the 'Testaments of the Twelve Patriarchs' and on the Gospel and Epistles of John. More recently his work on Jesus and early Christology has received critical acclaim: 'Christology in Context. The Earliest Christian Response to Jesus' (1988) and 'Jesus: The Servant-Messiah' (1991). This volume of essays in his honour from a team of international scholars and admirers (from Holland, Great Britain, the United States, Norway and Germany) recognizes his singular and provocative contributions to our understanding of Jesus and New Testament Christology. The essays cover such topics as Jesus' self-understanding, the christological ascriptions of his earliest disciples and followers, the background to New Testament Christology in Judaism, the Christology of Paul, and the Christology of the Gospels, especially John. Together these essays constitute a significant contribution to the discussion about Jesus and the Christology of the earliest Christians.

THE OXFORD HANDBOOK OF CHRISTOLOGY

[Oxford University Press, USA](#) The Oxford Handbook of Christology brings together 40 authoritative essays considering the theological study of the nature and role of Jesus Christ. This collection offers dynamic perspectives within the study of Christology and provides rigorous discussion of inter-confessional theology, which would not have been possible even 60 years ago. The first of the seven parts considers Jesus Christ in the Bible. Rather than focusing solely on the New Testament, this section begins with discussion of the modes of God's self-communication to us and suggests that Christ's most original incarnation is in the language of the Hebrew Bible. The second section considers Patristics Christology. These essays explore the formation of the doctrines of the person of Christ and the atonement between the First Council of Nicaea in 325 and the eve of the Second Council of Nicaea. The next section looks at Medieval theology and tackles the development of the understanding of who Christ was and of his atoning work. The section on "Reformation and Christology" traces the path of the Reformation from Luther to Bultmann. The fifth section tackles the new developments in thinking about Christ which have emerged in the modern and the postmodern eras, and the sixth section explains how beliefs about Jesus have affected music, poetry, and the arts. The final part concludes by locating Christology within systematic theology, asking how it relates to Christian belief as a whole. This comprehensive volume provides an invaluable resource and reference for scholars, students, and general readers interested in the study of Christology.

THE MESSIANIC THEOLOGY OF THE NEW TESTAMENT

[Wm. B. Eerdmans Publishing](#) One of the earliest Christian confessions—that Jesus is Messiah and Lord—has long been recognized throughout the New Testament. Joshua Jipp shows that

the New Testament is in fact built upon this foundational messianic claim, and each of its primary compositions is a unique creative expansion of this common thread. Having made the same argument about the Pauline epistles in his previous book *Christ Is King: Paul's Royal Ideology*, Jipp works methodically through the New Testament to show how the authors proclaim Jesus as the incarnate, crucified, and enthroned messiah of God. In the second section of this book, Jipp moves beyond exegesis toward larger theological questions, such as those of Christology, soteriology, ecclesiology, and eschatology, revealing the practical value of reading the Bible with an eye to its messianic vision. The *Messianic Theology of the New Testament* functions as an excellent introductory text, honoring the vigorous pluralism of the New Testament books while still addressing the obvious question: what makes these twenty-seven different compositions one unified testament?

WHO IS JESUS?

AN INTRODUCTION TO CHRISTOLOGY

Liturgical Press **Who is Jesus?** This is the fundamental question for christology. The earliest Christians used various titles, most of them drawn from the Old Testament or Hebrew Scriptures, to express their faith in Jesus. They called him prophet, teacher, Messiah, Son of David, Son of Man, Lord, Son of God, Word of God, and occasionally even God. In *Who Is Jesus?* Thomas Rausch, S.J., focuses on the New Testament's rich variety of christologies. *Who Is Jesus?* covers the three quests for the historical Jesus, the methods for retrieving the historical Jesus, the Jewish background, the Jesus movement, his preaching and ministry, death and resurrection, the various New Testament christologies, and the development of christological doctrine from the New Testament period to the Council of Chalcedon. Chapters are *The Three Quests for the Historical Jesus*, *Methodological Considerations*, *The Jewish Background*, *Jesus and His Movement*, *The Preaching and Ministry of Jesus*, *The Death of Jesus*, *God Raised Him from the Dead*, *New Testament Christologies*, *From the New Testament to Chalcedon*, *Sin and Salvation*, and *A Contemporary Approach to Soteriology*. - Thomas P. Rausch, SJ, PhD, is the T. Marie Chilton Professor of Catholic Theology at Loyola Marymount University in Los Angeles. A specialist in ecclesiology, ecumenism, and the theology of the priesthood, he has published eight books including the award-winning *Catholicism at the Dawn of the Third Millennium*, *The College Student's Introduction to Theology*, and *Reconciling Faith and Reason: Apologists, Evangelists, and Theologians in a Divided Church*, published by Liturgical Press. CHRISTOLOGY

A BIBLICAL, HISTORICAL, AND SYSTEMATIC STUDY OF JESUS

OUP Oxford In this fully revised and updated second edition of his accessible account of systematic Christology, Gerald O'Collins continues to challenge the contemporary publishing trend for sensationalist books on Jesus that are supported neither by the New Testament witness nor by mainline Christian beliefs. This book critically examines the best biblical and historical scholarship before tackling head-on some of the key questions of systematic Christology: does orthodox faith present Jesus the man as deficient and depersonalized? Is his sinlessness compatible with the exercise of a free human will? Does up-to-date exegesis challenge his virginal conception and personal resurrection? Can one reconcile Jesus' role as universal Saviour with the truth and values to be found in other religions? What should the feminist movement highlight in presenting Jesus? This integral Christology is built around the resurrection of the crucified Jesus, highlights love as the key to redemption, and proposes a synthesis of the divine presence through Jesus. Clear, balanced, and accessible, this book should be valued by any student reading systematic theology, anyone training for the ministry in all denominations, as well as interested general readers.

SACRED TRADITION IN THE NEW TESTAMENT

TRACING OLD TESTAMENT THEMES IN THE GOSPELS AND EPISTLES

[Baker Academic](#) Leading biblical scholar Stanley Porter critiques the state of research regarding the New Testament's use of the Old Testament and sacred traditions. He provides needed orientation for readers interested in New Testament references to themes such as "son of man" and "suffering servant" as well as the faith of Abraham and the Passover. Porter explains that examining scriptural traditions is fundamental to understanding central ideas in the New Testament regarding Jesus. He sheds light on major themes in New Testament Christology and soteriology, offering fresh, constructive proposals.

THE FOUNDATIONS OF NEW TESTAMENT CHRISTOLOGY

[ISD LLC](#) One of the key tasks of New Testament study is to construct a correct doctrine of the person of Jesus Christ, which is central to the Christian faith. In *The Foundations of New Testament Christology*, R.H. Fuller fulfils this task through a close examination of the first-century texts in both their Palestinian and Hellenistic contexts. An exponent of the neo-orthodox position that dominated post-war scholarship in the field, central to Fuller's argument is the 'traditio-historical' approach to New Testament criticism. As Fuller sees it, 'the Church's Christology was a response to its total encounter with Jesus, not only in his earthly history but also in the Church's continuing life'. By emphasising the continuity between the historical Jesus and the witness and message of the early post-resurrection church, he offers a comprehensive and thorough survey of this most important facet of exegesis.

JESUS OF NAZARETH

LORD AND CHRIST : ESSAYS ON THE HISTORICAL JESUS AND NEW TESTAMENT CHRISTOLOGY

[Eerdmans Publishing Company](#) The problem of the historical Jesus remains one of the most important themes in New Testament scholarship. Closely related to this problem is the question, How far can the impact made by the earthly Jesus and his own self-understanding sustain the weight of the Christological construction put upon them by the early church? In the past two decades some scholars have taken an increasingly gloomy attitude toward the possibility of knowing anything of substance about Jesus from the Gospels or, at the opposite extreme, have sometimes made outlandish claims about him. Others, like the contributors to this volume, have begun moving the discussion into fresh areas of creative, responsible inquiry.

NEW TESTAMENT CHRISTOLOGICAL HYMNS

EXPLORING TEXTS, CONTEXTS, AND SIGNIFICANCE

[InterVarsity Press](#) We know that the earliest Christians sang hymns. But are some of these early Christian hymns preserved for us in the New Testament? Matthew Gordley takes a new look at didactic hymns in the Greco-Roman and Jewish world of the early church, considering how they might function in the New Testament and what they could tell us about early Christian worship.

CHRISTOLOGY IN MARK'S GOSPEL: FOUR VIEWS

[Zondervan Academic](#) Gain Insights on Mark's Christology from Today's Leading Scholars The Gospel of Mark, widely assumed to be the earliest narrative of Jesus's life and the least explicit in terms of Christology, has long served as a worktable for the discovery of Christian origins and developing theologies. The past ten years of scholarship have seen an unprecedented shift toward an early, high Christology, the notion that very early in the history of the Jesus movement his followers worshipped him as God. Other studies have challenged this view, arguing that Mark's story is incomplete, intentionally ambiguous, or presents Jesus in entirely human terms. *Christology in Mark's Gospel: Four Views* brings together key voices in conversation in order to offer a clear entry point into early Christians' understanding of Jesus's identity: Sandra Huebenthal (*Suspended Christology*), Larry W. Hurtado (*Mark's Presentation of Jesus; with rejoinder by Chris Keith*), J. R. Daniel Kirk (*Narrative Christology of a Suffering King*), and Adam Winn (*Jesus as the YHWH of Israel in the*

Gospel of Mark). Each author offers a robust presentation of their position, followed by lively interaction with the other contributors and one "last-word" rejoinder. The significance of this discussion is contextualized by the general editor Anthony Le Donne's introduction and summarized in the conclusion. The CriticalPoints Series offers rigorous and nuanced engagement between today's best scholars for advancing the scholarship of tomorrow. Like its older sibling, the CounterPoints Series, it provides a forum for comparison and critique of different positions, focusing on critical issues in today's Christian scholarship: in biblical studies, in theology, and in philosophy.
