NEOLIBERALISM AND APPLIED LINGUISTICS

Routledge This book explores neoliberalism - a view of the world that puts the market at its centre- from the perspective of applied linguistics. Neoliberalism and Applied Linguistics argues that while applied linguistics has become more interdisciplinary in orientation, it has ignored or downplayed the role of political economy, namely the way in which social, political and economic factors relate to one another within the context of a capitalist economy.

The authors take the view that engagement with political economy is central to any fully rounded analysis of language and language-related issues in the world today and their collaboration in this volume represents an initial attempt to redress what they perceive to be an imbalance in the field. The book begins with a discussion of neoliberalism and an analysis of the ways in which neoliberal ideology impacts on language. This is followed by a discussion of how globalization and identity have been conceptualised in applied linguistics in ways which have ignored the political centrality of class - a concept which the authors see as integral to their perspective. The book concludes with an analysis of the ways in which neoliberal ideology plays out in two key areas of applied linguistics - language teaching and language teacher education. Neoliberalism and Applied Linguistics is essential reading for advanced undergraduates, postgraduates and researchers in applied linguistics.

PRE-INTERMEDIATE

Oxford University Press, USA A new edition with a modified syllabus and extensive new material.

MULTIDISCIPLINARY PERSPECTIVES ON EDUCATION

Cambridge Scholars Publishing This volume is a collection of essays on educational issues belonging to educators and researchers from three continents, namely Africa, Asia, and Europe. The essays are grouped into four sections: the first, "Teaching and Teacher Education", encompasses collaborative learning, learning competencies, learning strategies, pre-service teachers, and special education. The second, "Psychosocial Development of Children in Education", is comprised of essays concerned with academic achievement, child rights, family and gender issues, pre-schoolers, public education, school type, school violence, university students, and university youth, while the third, "Educational Policy" investigates issues such as environmental citizenship, decision making, democracy, education, Gypsies, higher education, IT systems in education, migration, organisational justice, and public and private schools. The final section, "Language in Teaching" is concerned with topics such as bilingual children, contrastive analysis, English language teaching, language skills, learning strategies, and online teaching materials. The book will appeal to educators, researchers, and students involved in education sciences.

SOLUTIONS

Student Book: Specific listening and word skills lessons, to help develop well-rounded, confident communicators. **Student Book:** Additional resources, including exam skills trainer sections and extra speaking practice help consolidate what students have covered in the lessons. **Student Book:** Exam skills trainer sections prepare students for typical school-leaving/Cambridge tasks, and provide them with the language, strategies, and exam skills they need to achieve success. **Student Book:** Culture Bank includes 9 ready-to-use culture lessons linked to the topic and language of the main units, providing extra reading and listening practice. **Online Practice:** A particular focus on more in-depth

practice of grammar, vocabulary, reading, writing, listening, and speaking skills. Online Practice: Media-rich content (vox pops, vlogs, grammar animations) with interesting and engaging topics and texts. Online Practice: Automatic marking with instant feedback, and progress tracked in the gradebook to save time. Online Practice: Content aligned to the CEFR and the Solutions syllabus which complements and extends the contents of the book.

USER-FRIENDLINESS OF VERB SYNTAX IN PEDAGOGICAL DICTIONARIES OF ENGLISH

Walter de Gruyter The study examines the user-friendliness of sources of verb syntax in pedagogical dictionaries of English. It relies mainly on the results of an experiment, where the user-friendliness was measured by the frequency with which the properly identified and useful syntactic information was located in entries compiled for the purpose of the research. 606 subjects, divided into two groups of different proficiency in English, underlined there the information helpful in answering multiple choice questions. The study ends with the recommendation of the most user-friendly solutions.

TA(L)KING ENGLISH PHONETICS ACROSS FRONTIERS

Cambridge Scholars Publishing **Highlighting some interesting and intriguing aspects of English phonetics and phonology from a variety of perspectives, this book brings up a number of empirical questions in order to emphasize the necessity of taking a very broad view of what spoken English means in today's socio-cultural context. English has become a truly global means of communication, used as a first, second, or additional language by millions and millions of diverse speakers, in a multitude of different communicative contexts, so that the very notions of native and non-native seem to have changed profoundly, as have the notions of central/ peripheral and standard/ non-standard with regard to English varieties spoken around the globe. Therefore, today more than ever before, in studying English phonetics many small research steps need to be taken to provide diverse and broad empirical data from as many different standpoints as possible. This collection indeed looks at English phonetics from a wide spectrum of perspectives, including those of native or EFL speakers, language varieties, L2 language teaching and learning, as well as language contact, development, and change.**

OUP Oxford 7 units Colloquial English video lessons Consolidation and review pages after each unit Communication section and Listening scripts Grammar Bank, Vocabulary Bank, Phrasal Verbs in Context, Sound Bank and Wordlist

NEW HEADWAY: BEGINNER: WORKBOOK (WITHOUT KEY)

OUP Oxford New Headway Beginner is aimed at absolute beginners, or those who have learned a little English but lack the confidence to build on it. It provides a solid foundation for New Headway Elementary. Its measured, step-by-step approach builds both skills and confidence. The right mix of language work and plentiful practice material enables learners to consolidate their knowledge of key points before proceeding further. The clearly defined grammatical syllabus includes past, present and future time and provides a thorough basis on which to build. The presentation of new language is gradual, methodical and clearly structured, giving learners a clear sense of progression. The vocabulary syllabus focuses on high-frequency survival terms and avoids overload. The gradual introduction of simple skills work with manageable communicative activities give learners a sense of achievement. 'Everyday English' practises social expressions in common situations and shows how learners can apply their knowledge in practical ways.

AMERICAN HEADWAY

3

Oxford University American Headway is a multilevel series for adults and young adults who want to use American English both accurately and fluently. Grammar and vocabulary are taught and explained thoroughly, and all four language skills are developed systematically. American Headway combines the best of traditional methods with more recent approaches to make the learning of English stimulating, motivating, and effective. American Headway 3 builds on the firm grammatical, lexical, and functional foundation laid in American Headway 1 and 2. Students broaden and deepen their understanding of English and extend their abilities to use it. Both fluency and accuracy are given equal attention at this intermediate level. Key features - Integrated skills work, where all four skills are developed in context - Universal topics selected from a wide variety of material - In-depth treatment of grammar, with clear presentations, self-check exercises in the Grammar Spot, and detailed explanations in the Grammar Reference followed by extensive practice activities - Systematic vocabulary syllabus, including dictionary training and work on systems such as collocation - Pronunciation work, which is integrated at appropriate points - Everyday English section, which practices functional language and social situations

AMERICAN HEADWAY 3 WORKBOOK

PHRASAL VERBS AND IDIOMS

A needs-based supplementary series for adults and young adults.

ASPECTS OF CULTURE IN SECOND LANGUAGE ACQUISITION AND FOREIGN LANGUAGE LEARNING

Springer Science & Business Media In recent years language learning has been increasingly viewed by some SLA researchers as an essentially social-psychological process in which the role of a wider sociocultural context should not be marginalized. This volume offers a valuable contribution to this growing body of research by providing theoretical considerations and empirical research data on themes such as the development of intercultural communicative competence, the role of English as a lingua franca in intercultural communication, and the place of cultural factors in SLA theorizing, research, second/foreign language teaching and teacher training. The volume also contains contributions which share the linguistic interest in the culture-related concepts and constructs such as time, modesty, politeness, and respect, discussing the culture-dependent differences in conceptualization and their reflection in particular language forms and linguistic devices.

LANGUAGE FUNCTIONS REVISITED

THEORETICAL AND EMPIRICAL BASES FOR LANGUAGE CONSTRUCT DEFINITION ACROSS THE ABILITY RANGE

Cambridge University Press This book introduces the theoretical and empirical bases for the definition of language learning level in functional 'Can Do' terms for the English Profile Programme, setting out the ambitions of the Programme and presenting emerging findings. The English Profile Programme is an elaboration of the performance level descriptions of the Common European Framework of Reference for Languages (CEFR) that is concerned specifically with the English language. The CEFR has become influential in building a shared understanding of performance levels for foreign language learners. However, there is a considerable gap between the broad descriptions of levels provided, which covers a range of languages and learning contexts, and the level of detail required for applications such as syllabus or test design, which this volume addresses. With its combination of theoretical insights and practical advice, this is a useful work for academics, policy-makers, curriculum designers, textbook writers, postgraduate students and examination board staff.
