## How to Survive the Titanic or The Sinking of J. Bruce Ismay

**A&C Black Books** have been written, films made, we have raised the Titanic and watched her go down again on numerous occasions, but out of the wreckage **Frances Wilson** spins a new epic: when the ship hit the iceberg on 14 April 1912 and a thousand men prepared to die, **J Bruce Ismay**, the ship's owner and inheritor of the **White Star** fortune, jumped into a lifeboat with the women and children and rowed away to safety. Accused of cowardice, Ismay became, according to one headline, 'The Most Talked-of Man in the World'. The first victim of a press hate campaign, his reputation never recovered and while other survivors were piecing together their accounts, Ismay never spoke of his beloved ship again. With the help of that great narrator of the sea, **Joseph Conrad**, whose **Lord Jim** so uncannily predicted Ismay's fate - and whose manuscript of the story of a man who

impulsively betrays a code of honour and lives on under the strain of intolerable guilt went down with the Titanic - Frances Wilson explores the reasons behind Ismay's jump, his desperate need to make sense of the horror of it all, and to find a way of living with lost honour. For those who survived the Titanic the world was never the same again. But as Wilson superbly demonstrates, we all have our own Titanics, and we all need to find ways of surviving them.

# Sinkable

## Obsession, the Deep Sea, and the Shipwreck of the Titanic

**Penguin** From the national bestselling author of *The Food Explorer*, a fascinating and rollicking plunge into the story of the world's most famous shipwreck, the RMS Titanic On a frigid April night in 1912, the world's largest—and soon most famous—ocean liner struck an iceberg and slipped beneath the waves. She had scarcely disappeared before her new journey began, a seemingly limitless odyssey through the world's fixation with her every tragic detail. Plans to find and raise the Titanic began almost immediately. Yet seven decades passed before it was found. Why? And of some three million shipwrecks that litter the ocean floor, why is the world still so fascinated with this one? In *Sinkable*, Daniel Stone spins a fascinating tale of history, science, and obsession, uncovering the untold story of the Titanic not as a ship but as a shipwreck. He explores generations of eccentrics, like American Charles Smith, whose 1914 recovery plan using a synchronized armada of ships bearing electromagnets was complex, convincing, and utterly impossible; Jack Grimm, a Texas oil magnate who fruitlessly dropped a fortune to find the wreck after failing to find Noah's Ark; and the British Doug Woolley, a former pantyhose factory worker who has claimed, since the 1960s, to be the true owner of the Titanic wreckage. Along the way, *Sinkable* takes readers through the two miles of ocean water in which the Titanic sank, showing how the ship broke apart and why, and delves into the odd history of our understanding of such depths. Author Daniel Stone studies the landscape of the seabed, which in the Titanic's day was thought to be as smooth and featureless as a bathtub. He interviews scientists to understand the decades of rust and decomposition that are slowly but surely consuming the ship. (It is expected to disappear entirely within a few decades!) He even journeys over the Atlantic, during a global pandemic, to track down the elusive Doug Woolley. And Stone turns inward, looking at his own dark obsession with both the Titanic and shipwrecks in general, and why he spends hours watching ships sink on YouTube. Brimming with humor, curiosity and wit, *Sinkable* follows in the tradition of Susan Orlean and Bill Bryson, offering up a page-turning work of personal journalism and an immensely entertaining romp through the deep sea and the nature of obsession.

## Ants

**National Geographic Books Describes different types of ants and their behavior.**

## Titanic's Passengers and Crew

**Bearport Publishing It was 2:00 A.M. on April 15, 1912, in the middle of the icy Atlantic Ocean. Eventeen year- old Jack Thayer stood on the slanted deck of the RMS Titanic and weighed his options—Jump, or die, he thought. The huge ship had just struck an iceberg and was taking on water. Making matters worse, all the lifeboats were full. Jack closed his eyes for a moment. Suddenly, a noise like a train crash startled him. This was it—the Titanic was going down! Titanic's Passengers and Crew is a compilation of compelling stories about the people aboard the luxurious—and supposedly unsinkable—ship. From wealthy first-class passengers like Jack Thayer to third-class travelers and crew, readers will meet and learn the harrowing tales of some of the most noteworthy people on the ship. Large-format color images, maps, and fact boxes bring the fear and panic the passengers and crew faced into clear, terrifying focus. Titanic's Passengers and Crew is part of Bearport's Titanica series.**
